5. It will be convenient to dispose of the proliminary point as to whether the dispute in question is on industrial dispute. It is proved on the evidence of P.W. 1, Sunil Sen Gupta, General Secretary of the union, P.W. 2. Tapan Kumar Roy, the workman in queestion and from letter, Ext. 1, that the union is the representative of the workers of the company and that the dispute has been raised by the union. At the hearing the company did not give any evidence in support of its submission in that respect. The Tribunal, on a consideration of the evidence, decides that this is an industrial dispute and has to be adjudicated upon.

6. It has been noticed that 3 charges of misconduct were brought against Tapan Kumar Roy by Ext. 2, dated were 12th October 1964. The first charge was wilful damage to the employer's property. The second charge was sleeping while on duty, and the third charge

was late attendance on a particular date combined with habitual late attendance. Tapan denied each of these charges in his reply, Ext. 2(a). It is admitted that there was an enquiry into the charges by an Enquiry Committee consisting of 3 persons, namely, Shri Bahati, Shri Mahato and Shri Banerji in presence of Tapan Kumar Roy, and that the Committee ended its labour by producing the report, Ext. 2(m). The conclusions arrived at by the Committee, assuming that it was a report by all three members of the Committee, are that Tapan Kumar Roy was guilty of negligence and sleeping on duty. It may be noticed at once that there was no charge of negligence brought against him in the charge-sheet, Ext. 2. No one can be found guilty of misconduct which was not the subject-matter of the charge-sheet. Again, the report began by saying that the charge was that he was found sleeping on duty. It did not mention that the Committee was considering any other charge. That also shows that the conclusion of the Committee that Tapan was guilty of negligence was a wrong conclusion as not forming the subject-matter of any charge, and as not being taken up by the Committee while preparing the report, Ext. 2. It follows, therefore, that the Committee found Tapan guilty of sleeping on duty. But it would at once be seen from the Company's Secretary's letter, Ext. 1, that the disciplinary authority did not accept the report of the Enquiry Committee as to the workman being guilty of the charge of sleeping on duty. The Secretary did not dismiss Tapan Kumar Roy or punish him for his misconduct of sleeping on duty. But he was punished for his misconduct of negligence in duty. That being so, it must be held that the dismissal of Tapan Kumar Roy by the letter Ext. 1, was clearly unjustified. By Ext I, Tapan had been dismissed for a misconduct which was not the subject-matter of the charge or of the enquiry by the domestic enquity committee. It may further be said that the Secretary of the company disagreed with the report of the Committee as to their finding that Tapan was guilty of sleeping while on duty. For, the letter, Ext I, does not say that the Secretary agrees with that conclusion but does not award punishment for that. In view of the discussion above, the Tribunal is of opinion that the dismissal of Tapan Kumar Roy is not justified.

7. The Tribunal feels that it should make a reference to another argument made by the learned lawyer for the union saying that sleeping on duty is not a misconduct at all. It is the case of both parties that there are no standing orders of this company. That being so, section 12A of the Industrial Employment (Standing Orders) Act applies. The object of section 12A is to make model standing orders framed by the appropriate Government operative in all industrial establishments covered by the Act until such time as the standing orders are certified. So the model standing orders under rule 10 of the Bengal Industrial Employment (Standing Orders) Rules are applicable. Paragraph 14 (XXI) shows that sleeping while on duty is a misconduct for which dismissal may be ordered. The Tribunal, therefore, rejects this contention of the union.

8. As the Tribunal has concluded that the dismissal of Tapan Kumar Roy was unjustified it will examine the evidence given before it to see whether the charge or charges brought against Tapan Kumar Roy in Ext. 2 have been proved on such evidence. The company has examined D. K. Bhowmick, P.O. W, 3, alone to prove the charges. His evidence is that he stated truthfully in the document, Ext. L. He stated there that he went to the Tunnel Klin to enquire about the temperature and to his surprise he saw that the operator Tapan Kumar Roy was sleeping putting his head on the table at about 2 a.m. In his evidence before the Tribunal contradicts his evidence in Ext L. He stated before the Tribunal that he was Tapan sitting on a chair and sleeping with the head resting on his own hand kept on the high bench in front of him. He did not say that Tapan was sleeping putting his head on the table as seen in Ext. L. Again, he said that when he went there, he saw besides Tapan, Raja Ram and Sibnath. On them two, none was examined before the Tribunal by the company. Tapan examined Raja Ram before the enquiry and he did not support the evidence given by D. K. Bhowmick there, for, it is seen from the Committee's report that Raja Ram was a witness before it, and they did not think his evidence as correct. Tapan, before the Tribunal, has stated that the charges against him were false. It was not put to him in cross-examination that he was sleeping that night resting his head on the high bench in front of him. The Tribunal does not think that the evidence given before it is adequate or trustworthy to rest a conclusion that Tapan was sleeping while on duty on the night of 10th October 1964. It is also to be stated that the company did not give any evidence to prove any of the other charges in the charge-sheet, Ext. 2. Tribunal, therefore, decides that the charges against Tapan Kumar Roy has not been established on the evidence before it.

9. In view of the above conclusion, the issue referred for adjudication should be answered in favour of the union.

10. The Tribunal decides that the dismissal of Tapan Kumar Roy is not justified and directs that the company should reinstate him in the same post and should give him all back wages and other benefits from 15th November 1964.

The Government of West Bengal, by its Labour Department, order No. 336-I.R./IR/8L-15(C)/04, dated 22nd January 1966, referred to this Tribunal an industrial dispute between Messrs. Calcutta Silk Manufacturing Company Ltd., hereinafter called the company, and their workmen represented by Calcutta Silk Manufacturing Workers Union, hereinafter called the union, for adjudication under section 10 of the Industrial Disputes Act.

The issue is "Is the refusal of employment to Shri Iswar Nath for the period from 13th May 1933 justified ? What relief, if any, is he entitled to" ?

The company and the union appeared and filed their respective written statements. On the date fixed for hearing of the case, the company and the union filed a joint petition of compromise signed respectively by the Assistant Mill Manager and the Secretary of the union to settle the dispute in terms of paragraph 2 of it. In the result, the Tribunal decides the issue in terms of the petition of compromise and makes its award in terms thereof. The Tribunal directs that the said joint petition of compromise be annexed to and made part of the award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri A. K. DE, District Judge, Presiding Officer, Fifth Industrial Tribunal.

Present for the Company : Shri J. N. Chatterji, Legal Adviser of Indian Engineering Association.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

The issue for adjudication in this proceeding, referred by the Government of West Bengal, Labour Department, order No. 4049-I.R./IR/10L-138/64, dated 15th September 1965, between Messrs. Babcock and Wilcox of India Limited, hereinafter called the company, and their workmen represented by Babcock and Wilcox Employees' Union, hereinafter called the union, is whether deducation of wages of Shri Fani Bhusan Paul for the period of his absence from 13th February 1963 to 7th March 1963 is justified, and if not, what relief he is entitled to.

Facts are not in dispute. Shri Fani Bhusan Paul is a workman of the company. On his several applications for leave, Exts. A to Ext. I, he was on leave for a week from 2nd November 1962 (Ext. H), for 3 weeks from 13th November 1962 (Ext. I), for 2 weeks from 4th December 1962 (Ext. G), for 2 weeks from 17th December 1962 (Ext. F), for 3 weeks from 1st January 1963 (Ext. E), for 2 days from 7th February 1963 (Ext. D), for 2 weeks from 14th February 1963 (Exts. B and C), and for a week from 1st March 1963 (Ext. A). He was granted leave without pay from 14th February 1963 to 7th March 1963, and, sick leave on half pay for 14 days in 1963. The union's case is that he should have been granted leave on full or half pay for the period from 13th February 1963 to 7th March 1963 also.

The company's reply is that the workman had not any leave on half or full pay at his credit on 14th February 1963 and therefore, he had to be, and was, granted, leave on half pay for 13 days and leave without pay for 9 days during the period from 14th February 1963 to 7th March 1963.

It may be mentioned at the outset that Shri Fani Bhusa Paul was not on leave on 13th February 1963, and, so there was no deduction of wages for his absence for that day. That part of the issue should, therefore, be answered against the workman and the union. The Tribunal decides accordingly.

As to the remaining period from 14th February 1963 to 7th March 1963, the case of the union is two-fold. It is said, firstly, that even though no leave may have been at his credit, the company should have granted him privilege leave on full pay for the period in advance for adjusting that later against the leave that the worker would have earned on rejoining after leave. This contention is illogical, unreasonable and impractical. Leave is earned by actual work, and, not work to be performed in future. To ask for leave before earning it is to ask for something non existing. A worker may resign or be incapacitated physically after enjoying the leave. Once it is taken that the workman may ask for leave to be earned in future, there will be no end or limit of the period for which he may choose to be on such leave. He may always say he will later earn it and give adjustment. The Tribunal rejects this contention.

It was next pleaded that the company in the past granted such leave in advance to other workers and that that was the rule or prevailing practice and should have been followed in the case of this worker. The Tribunal considers this as unsound. The witness examined on behalf of the union also said that the company granted such leave, if any, as a matter of grace and that it is not the claim of the union or workers. None can be compelled to show grace. Grace cannot be claimed as a matter of right. That must be left to the judgement and decision of the company. No rule was proved in support of such grant, if any, of leave in advance. Impracticability of the proposition has been pointed out in the preceding paragraph. The Tribunal rejects this contention also.

Lastly, it was submitted that the worker had at his credit privilege or sick leave, and the company was wrong in the circumstances, to give him leave without

pay. This contention is not based on facts. Before the Tribunal's award, dated 1956, the workers used to get 14 days' privilege leave each year, and that the said leave, if not enjoyed during the same year, lapsed. Since that award the workers were getting 21 days' privilege leave on full pay in a year and that the said leave was to accumulate up to maximum of 42 days. It is not disputed that the workers got besides privilege leave, sick leave on full pay for 14 days and sick leave on half pay for 14 days in a year. Thus in 1957 this worker earned 21 days privilege leave and the leave, that accrued to him up to 1956, i.e., 21+14=35 days. He thus had 21+35=56 days' privilege leave. He undisputedly enjoyed 21 days privilege leave in 1957. Thus, in 1958 he had only at his credit 35 days. He earned in 1958—21 days. But as leave could accumulate up to 42 days, his total accumulation that year came to be limited to 42 days, the remainder of 14 days lapsed. Or, to put it another way he earned only 7 days and then ceased to earn. In this way he enjoyed in each of the years 1958 to 1959 leave of 21 days, and, 22 days in 1960, and 21 days in 1961. Thus at the beginning of 1962 he had at his credit 20 days privilege leave carried over from previous year. He earned 21 days' privilege leave in 1962. He was left with a credit of 41 days' privilege leave, 14 days' full pay sick leave, and 14 days' half pay sick leave in 1962. But he took privilege leave for 21 days, and, sick leave for 39 days. In this way he used up entire privilege leave of 41 days, and, entire 14 days full pay sick leave and 5 half pay sick leave. As sick leave, not taken in a year, lapses, the balance of sick leave on half pay lapsed in 1962. In 1963, he began with no privilege leave at his credit and only 14 days' full pay sick leave and 14 days' half pay sick leave. He took 37 days' leave. Crediting those against whole of sick leave of 28 days, there was left a balance of 9 days for which leave was granted without pay. He was given sick leave on half pay for 14 days. The Tribunal finds and decides that the worker had not any full pay leave at this credit for adjustment for the period from 14th February 1963 to 7th March 1963=22 days. The question now is whether he had any full pay leave for any period during those days. A worker earns or gets 21 days' privilege leave on full pay in a year. Does he earn it each month? Or, he earns it only on completion of the whole year. The company contends that he earns only after the whole year is out. This obviously is wrong and unjust. Had that been so, then no worker, in the first year of his employment, would get any privilege leave within that year. As leave earned by work, it must be that it is earned day by day. That is, the worker earns for each day's work and the leave account is to be so kept and maintained, account being prepared each month. That is, perhaps, how leave account is kept for Government employees. This is not only just and proper but also logical. In this view the worker earned for January and February 1963 29/365=1/12 days' privilege leave on full pay up to 7th March 1963, as he did not work during this leave for 37 days from 1st January 1963 to 7th March 1963. Total number of days from 1st January 1963 to 7th March 1963 is 66 days. He was on leave for 37 days during these 66 days. So he worked for 29 days He earned only 1/12th day privilege leave. That being the position, the workers wages was rightly deducted for the period from 14th February 1963 to 7th March 1963. He is not entitled to any relief.

The Tribunal, in the result, answers both parts of the issue under reference in the negative.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by one Shri Mohan Choudhury (c/o Aluminium Mazdoor Union, Jaykaynagore, Asansol, Burdwan), an employee of Messrs. Aluminium Corporation of India Ltd., Jaykaynagore, Asansol, Burdwan, against the aforesaid company. (Case No. 26 of 1964.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri A.K.DE, District Judge,
Presiding Officer, Fifth Industrial Tribunal.

Present for the Company : Shri K. K. Maitra, Vice-President of the Assam, West Bengal, Orrisa and Bihar Employers' Association.

Present for the Union : Shri Ramen Banerji, Advocate.

This is a complaint under section 33A of the Industrial Disputes Act by a workman. His case is that Messrs. Aluminium Corporation of India Ltd., his employer, has illegally refused him employment since 5th April 1963 when another industrial dispute in Government of West Bengal, Labour Department, order No. 171-I.R, dated 10th January 1963, over other matters between the company and their workmen was pending here. He prays for reinstatement with full wages from that date.

The company's answer is that an application under section 33A does not lie and that the workman has left the service of the company of his own accord and his name has been struck off the employees' list of workmen in accordance with the terms of his employment and not for any misconduct.

If an employer contravenes section 33, then only a complaint under section 33A may lie. It is to be seen first if the company has contravened section 33. During the pendency of any proceeding before a Tribunal no employer can dismiss a workman except in accordance with section 33. It is said that the company has contravened section 33(2)(b) in dismissing him for 'misconduct' in accordance with Standing Orders. The reply is that his services have come to an end not for any misconduct but for absence from work without leave or permission for over 6 days in accordance with contract of employment (Ext. A). Termination of service may be termed punishment otherwise by dismissal, whether in accordance with Standing Orders or contract of employment. The only question is whether it is for misconduct or not.

Admittedly, no proceeding was started for any misconduct. The workman's service has come to an end as he did not come for work from 5th March 1963, on the expiry of the leave granted to him from 5th February 1963 to 4th March 1963. Is that a major misdemeanour or misconduct for which dismissal can be ordered? The worker refers to paragraph 16(n) of Standing Orders under head "Major Misdemeanour" to say that it is. That reads "wilful or prolonged absence without leave". Here, admittedly the workman applied for extension of leave from 5th March 1963 for 4 weeks. So his absence is neither prolonged nor wilful. The company did not grant him leave for its own reason. That is not absence without leave, for leave was 'not' refused at all. The Tribunal holds that the workman's services have not been terminated for misconduct. So there has been no contravention of section 33. Complaint under section 33A does not lie.

The Tribunal, therefore, does not consider whether termination of services is justified or not. On a proper reference under section 10 of the Industrial Disputes Act that may be decided. Then it will be considered whether Standing Orders or contract of employment will govern the case, and, whether the facts bring this case under condition (8) of Ext. A, if contract of employment applies.

In the result the Tribunal rejects the complaint under section 33A as not maintainable.

AWARD

The Government of West Bengal by order No. 4413-I.R./IR/11L-230/65, dated the 15th October 1965, had referred under section 10(2) of the Industrial Disputes Act, and rule 3 of the West Bengal Industrial Disputes Rules, 1958, the following industrial disputes between Messrs. Bird & Co (Private) Ltd., and Messrs F. W. Heilgers & Co. (Private) Ltd , and their workmen represented by Bird & Heilgers Employees' Union, to this Tribunal for adjudication.

Issue

1. Whether the transfer of Shri Muktalal Chandra is justified ? To what relief, if any, is he entitled ?

2. Whether the termination of employment of Shri Ashoke Bose is justified ? To what relief, if any, is he entitled ?

After the service of the usual notice, the company had filed written statement at first as directed, and thereafter, the union on behalf of the workmen had filed the written statement. As the matter has been settled, it is not necessary to mention the allegations in the two written statements in great details. In the written statement submitted by the company, it is stated that Shri Muktalal Chandra was transferred to the Research Department, Dakhindari, that over this issue, and over the issue of termination of employment of Shri Ashoke Bose who is at present in detention under Defence of India Rules, the union started agitation on 5th April 1965 by wearing badges, holding gate meetings, etc., and that the union had written the letter, dated 19th April 1965; to the Assistant Labour Commissioner, Calcutta, together with a copy of the notice. Thereafter, there was conciliation proceedings and the management was requested to reconsider the cases of Shri Chandra and Shri Bose. There was an agreement with the company by which the union agreed to withdraw the agitation with immediate effect and the parties agreed to refer both the issues to the Tribunal for adjudication. The company also agreed to withdraw without prejudice the application before the first Industrial Tribunal and the parties agreed to exhaust normal course of grievance procedure before taking up the dispute to the other authorities. It is further alleged that so far as Shri Chandra is concerned, he was at first posted in the Cash Department and was subsequently transferred to the T. P. M. Accounts Section and then to the Union Co-operative Credit Society. The union raised a dispute regarding the transfer to the Union Co-operative Credit Society, before the Assistant Labour Commissioner. The Government, however, did not agree to refer the matter for adjudication. Subsequently Shri Chandra was transferred to the Stores Purchase Department in February 1964. The union again raised the dispute and the Government again refused to make any reference. Subsequently, the Stores Purchase Department was abolished from 30th January 1965 and Shri Chandra was sitting idle and on 13th March 1965, he was transferred to the Research Department. Then again the union raised the dispute. This Research Department was functioning in the Chartered Bank Building before it was shifted to the Lansdowne Jute Mill at Ultadnaga from 7th August 1963. There had been series of correspondences between the company and the union. The company points out that there is no condition of service attached to any employee, that he will not be transferred during the course of his employment under the company. It is also alleged that travelling allowance is paid, and therefore, there is no loss of earning. The management has the right to transfer Shri Chandra even though he might be the Assistant Secretary of the union. As the order of transfer is neither malafide nor an act of unfair labour practice, and has not been made for his alleged union activities, the transfer cannot be challenged. Lastly, it is said that subsequently Shri Chandra was transferred from the Research Department to the Sales Department, and therefore, there is no dispute existing on account of the transfer to the Research Department. Regarding Shri Bose, it is said that he was appointed as a clerk on 24th September 1958 and was confirmed in his appointment with effect from 1st April 1959. By letter, dated 10th December 1962, Shri Bose informed the companies that he had been arrested on 28th November 1962 under the West Bengal Security Act and had been released on bail on 8th December 1962 and had requested that his absence might be treated as special leave. The company had informed him that he had been granted 4 days privilege leave that was due to him and 9 days leave without pay covering the period from 27th November 1962 to 8th December 1962 and also a day's leave for his absence on 17th December 1962. Subsequently, Shri Bose by his letter, dated 14th November 1965, stated that he had been arrested under the Defence of India Rules on 14th November 1965. The company had granted him 16 days' privilege leave that was due to him and also informed him that the company cannot grant any further leave and in view of his inability to attend to the duites, his services were terminated with effect from 5th February 1965 and the period from 31st January 1965 to 5th February 1965 was treated as leave without pay. The company also offered one month's salary in lieu of notice. Shri Bose, however, by the letter, dated 3rd February 1965, requested for leave of absence till the date of his release. Subsequently, the union on 17th February 1965, asked the company to rescind the termination order and grant Shri Bose leave without pay for the period of his detention. The company did not agree and wrote a letter accordingly. It is submitted that the company is justified in terminating the service of Shri Bose in the facts and circumstances of the case. In view of the circumstances mentioned in the written statement, the company alleged that the workmen are not entitled to any relief.

In the written statement submitted on behalf of of the union, it is said that the actions taken against Shri Chandra and Shri Bose are illegal and unjustified and amounted to victimisation for their trade union activities. It is further stated that as there was the agreed reference, the companies are not entitled to raise any question regarding the previous circumstances in which the agreement is said to have been entered into. With regard to Shri Chandra it is said that the order of transfer is wrongful, malafide and unjust.

The union, however, does not dispute that Shri Chandra had been transferred to act on the Sales Department, but alleged that in those circumstances, the companies are not justified in raising further contentions regarding the transfer. With regard to Shri Bose, it is alleged that there was nothing to prevent the companies from granting Shri Bose special leave without pay till his release, as the work did not suffer and as the companies did not employ any new hands in his place instead. The absence of Shri Bose is not wilful abstention from duty and was for reasons beyond his control. It is further alleged that Shri Bose had since been released and therefore there is no reason for the companies not to reinstate him in his post, and service treating his forced absence as leave without pay. In the circumstances, the union has prayed for reinstatement of Shri Bose in his former post treating the period of his non-employment as period of leave without pay. The written statement on behalf of the union was only filed on 7th April 1966 and 21st April 1966 was fixed for filing documents. On that date, no document was filed by the parties who were directed to file documents on 5th May 1966. But on 22nd April 1966, Shri P. K. Sanyal, appeared for the workmen along with Shri Tushar Kanti Bose who is the General Secretary of the Employees' Union and that Shri N. Venkatanaman who is the assistant in the personnel department of the employer and a joint petition of settlement was filed. So far as the dispute regarding Shri Chandra is concerned, it is stated that as Shri Chandra has been brought back to his employment in the Chartered Bank Building, there is no further dispute regarding him. So far as the dispute regarding Shri Bose is concerned, it is stated that the period of non-employment from 5th February 1966 till 20th April 1966 is to be treated as special leave granted to Shri Bose without any remuneration. The company has agreed to reinstate Shri Bose in his former post and service with effect from 20th April 1966. I have considered the terms of settlement and it appears to me that the terms of settlement are bonafide, legal and proper and should be given effect to. I, therefore, pass a no-dispute award making the petition of settlement as Annexure to this award. This is my award.

AWARD

The Government of West Bengal, by order No. 1956 I.R./IR/11L-132/65, dated the 1st June 1965, had referred the following industrial dispute between Messrs. Benode Behari Nag, Ganesh Ch. Datta, and their workmen to this Tribunal for adjudication.

Issue

Whether the termination of service of Shri Tincowri Mati is justified ? To what relief, if any, is he entitled ?

After the service of usual notice, the employer had put in the written statement at first as directed, and thereafter the workmen represented by the Association had put in the written statement. In the written statement submitted on behalf of the employer, it is stated that there is a proprietorship firm which carries on the business of preparing and selling sweetmeats and other articles of food at 56/2B and 57 Ramdulal Sarkar Street, Calcutta-6 and 5 and 6 Hare Street, Calcutta-1. In order to carry on the business of the employer, 57 employees are employed on regular and permanent basis. These employees prepare sweetmeats and other food products and are also required to sell the food products and serve the customers who take foods at the shops. Besides regular employees, the employer appoints casual or temporary workmen at the times of festivals, Puja, marriage ceremonies, and other occasions. The employer is also compelled to employ casual or temporary workmen on account of the absenteeism of the regular employees. These casual or temporary workmen are appointed from day to day and are paid daily and are only appointed for the period for which their services are required. Some persons do not get causal or temporary employment and this is the normal feature and is also customary in this particular industry. It is further stated that the concerned workman Tincowri Mati (hereinafter referred to as Shri Mati) was employed purely on casual and/or temporary basis from time to time either for extra production or on account of the absence of regular employee or employees. He was appointed from day to day and had been paid daily. In view of the nature of employment of Shri Mati, the termination of his service must be regarded to be proper and valid. Therefore, the concerned workman is not entitled to get any relief.

In the written statement submitted on behalf of the Association, it is alleged that all the workmen of the employer are members of the Association, that Shri Mati jointed as "Karigor" in the employer's shop on the 1st Aswin 1370 B.S. and his daily wage was Rs. 2·75 nP., and that all the workmen are permanent employees, though they are daily-rated workers. Subsequently, there has been an agreement between the workers and the employer on 19th January 1965 for payment on monthly basis. The extra work during festivals and other occasions is done by the existing workers who are paid overtime wages. The employer, however, before 25th May 1964, did not follow the Shops and Establishments Act, 1940, in respect of working hours, weekly holidays, yearly leave and other facilities. The employer also did not observe the principle of "last come first go" and the principles of natural justice, and had retained Shri Kuldeep and Haradhan

Gholai who were employed after Shri Mati had joined. The service of Shri Mati was terminated by the employer when the question arose for the Provident Fund contribution. His service has also been terminated on account of the union activities of Shri Mati. Before termination, the employer did not issue any charge-sheet and did not hold any enquiry. The Association raised the dispute and wrote a letter to the Labour Directorate. There was a conciliation, but it failed due to the adament and non-cooperating attitude of the employer. In the circumstances, it is prayed that Shri Mati may be reinstated in service with full back wages for the period of unemployment.

Findings

It is undisputed that the employer runs a business of manufacturing and selling sweetmeats and had different shops in different places in Calcutta. It is further undisputed that Shri Mati was employed by the employer. The main dispute is with regard to the nature of employment of Shri Mati. It is contended on behalf of the employer that Shri Mati was a temporary and casual worker and was only appointed from time to time in order to cope with the increase in work at the time of festivals, etc., or in order to work during the absence of regular employee or employees. On the other hand it has been contended on behalf of the Association that Shri Mati was not a temporary or casual employee and had, in fact, worked continuously from 1st Aswin 1370 B.S., corresponding to 18th September 1963 till 6th of Bhadra 1371 B.S., corresponding to 22nd August 1964. The written statements do not make it clear where Shri Mati was working and even Shri Mati himself (vide the evidence of O.P.W. 1) does not say where he had worked from 1st Aswin 1370 B.S. to 6th Bhadra 1371 B.S. The evidence of O.P.W. 2 Shri Ananta Pal and O.P.W. Shri Baidyanath Mal shows that Shri Mati had worked at the shop at 130 Ramdulal Sarkar Street, The evidence of P.W. 1 Shri Ganesh Ch. Datta, who is the proprietor, is that at 57 Ramdulal Sarkar Street, only "sandesh" was prepared and sold and that the sweetmeats prepared at 130 Ramdualal Sarkar Street, is sold at the shop at 5 and 6 Hare Street. The employer, however, has not produced the pay registers in respect of the establishment at 130 Ramdulal Sarkar Street. In fact, there is no reference to that shop in any of the documents produced before me. The pay registers (Exts. D, D-1 and D-2) relate to the shop at 57 Ramdulal Sarkar Street for the years 1370 and 1371 B.S. Shri Lenin Roy appearing for the employer had submitted that if Shri Mati had been the regular employee, his name would have appeared in these registers. This, of course, pre-supposes that Shri Mati was employed at 57 Ramdulal Sarkar Street. The pleadings and the evidence, however, do not make it clear that Shri Mati was employed at 57 Ramdulal Sarkar Street, but even assuming that Shri Mati was employed there, I do not think that the absence of the name of Shri Mati in the pay registers (Exts. D, D-1, D-2) really shows that, in fact, Shri Mati was employed on a casual or temporary basis, and therefore, his name does not appear in the pay register. The evidence of P.W. 1 Shri Datta is that "Nagda Karigors" are employed from time to time as and when required and the names of the "Nagda Karigors" are not entered in the register. I do not think this evidence can be accepted. The register (Ext. D) for 1370 B. S. shows (vide latter portion of the register) that Shri Tinkori Mati and Panchanan Ghosh have been shown to be tempoary workers from October 1963 to December 1963 and that Shri Tinkori Mati Panchanan Ghose and Bibhuti Kumar Das and Duari Ram had been shown to be temporary employees from January 1964 to March 1964. If Nagda Karigors are really temporary employees and if the names of the temporary employees are not entered in the pay register, it is not at all clear why the names of the persons mentioned above should have been entered in the pay register (Ext. D). Similarly in the pay register (Ext. D-1), for 1371 B. S., Sujoy Krishna Deati and Ram Chandra Sahu appear as temporary employees for January to July 1964 and the names of these persons and also Hari Sankar Jadav appear as temporary employees for August to October 1964. It would be noticed that even according to the evidence of P. W. 1, Shri Mati had been employed from time to time during the period mentioned above. If this is so, I do not understand why the name of Shri Mati would not appear at all in any of the two registers, I have referred to. Shri Lenin Roy appearing for the employer had drawn my attention to the evidence of O. P. W. 1 that Nagda Karigors are employed from time to time, but they must be informed beforehand. The evidence of O. P. W. 2 also shows that Nagda Karigors were employed by the employer from time to time for preparation of sweetmeats. The evidence, therefore, of these witnesses show that the Nagda Karigors are employed from time to time by the employer, but the question is whether Shri Mati was such a Nagda Karigor. I do not think the evidence would show that really Shri Mati can be regarded to be as a Nagda Karigor, or casual or temporary employee. Before I discuss the evidence on this point, I would point out that in the written statement submitted by the employer, the period or periods during which Shri Mati was employed has not been stated. Even at the time of the evidence, P. W. 1 who is the only witness on behalf of the management, has not been able to give the period or periods during which Shri Mati was employed. P. W. 1 at first admits that Shri Mati had joined service in Aswin 1370 B. S., and then says that he cannot remember the dates. To my question, P. W. 1 had said that Shri Mati had worked last under the employer up to Bhadra 1371 B. S. and had added that he had worked for a month and a half at that time. He has further stated that he did not remember how long he had worked under the employer previously, and that his account Khata would show more payments when the employer had to employ casual workmen for the purpose of coping with the orders for preparation of sweets. There was a suggestion to O. P. W. 1 that he had worked sometimes for 5 days, sometimes for 10 days and sometimes for 15 days and that, for a month or two he had no work at all. O. P. W. 1 had denied the suggestion. Regarding the period of work besides the evidence of O. P. W. 1 himself, there is also the evidence of O. P. Ws. 2 and 3 that Shri Mati had worked from 1st Aswin 1370 B. S. (18-9-1963) to 6th Bhadra 1371 B. S. (22-8-64). There is also the letter of the Secretary to the Association to the Labour Commissioner (Ext. 2), dated 31-8-64.

Shri Roy had pointed out that in that letter it is written that Shri Mati had joined service on the 1st Kartick 1370 B. Ss., That statement is evidently mistaken but the letter itself shows that it was written to the Labour Commissioner soon after the termination of service of Shri Mati. I have no doubt at all that Shri Mati had worked continuously from 18th September 1963 to 22nd August 1964. Shri Roy had also referred to the papers in connection with the Employees' Provident Fund Scheme (Ext. B series). It would appear that for the period from 1st March 1964 to 28th February 1965, provident fund contributions regarding 59 employees had been shown. It is not clear how there could be provident fund deduction in respect of 59 employees in the different shops of the employer, if there were only about 57 employees as stated in the written statement of the employer. It further appears that for the period from 1st March 1963 to 29th February 1964, there had been deduction in respect of 32 employees only. In any case, the name of Shri Mati cannot be found because it is undisputed that there had been no deduction of the provident fund from his wages. In fact it is stated that the employer had terminated the services of Shri Mati when he found that Shri Mati was going to complete one year's service, and therefore would be entitled to become a member of the Provident Fund Scheme. On this point, P. W. 1 has not stated that he had not terminated the service of Shri Mati as he was going to complete one year's service under the employer. The only thing that he has said is that there was no representation to him verbally or in writing for making Shri Mati a member of the provident fund scheme. I do not think that the employer has to be approached for making a particular employee a member of the provident fund scheme which really depends on the law and not on the discretion of the employer. I would further point out that paragraph 26 of the Employees' Provident Fund Scheme,1952,shows that every employee, is entitled to became a member of the fund, if he has completed one year's continuous service or has acually worked for not less than 240 days during a period of twelve months or less in the factory or establishment. As Shri Mati had worked for more than 240 days, he was certainly entitled to become a member of the provident fund schemes. O. P. W. 1 Shri Mati has said that to this question, the employer stated that if he was retained any longer, the employer would have to deduct provident fund contribution from his wages from the following month, and therefore, his service was being terminated. There has been no serious cross-examination on this point. As I have mentioned earlier, P. W. 1 has not denied in his evidence that he had terminated the service of Shri Mati when he found that he had to deduct provident fund contribution from the wages of Shri Mati if Shri Mati was allowed to work further. Apart from the evidence of O. P. W. 1, there is also the evidence of O. P. W. 2 Shri Pal to the effect that when the service of Shri Mati was terminated, he and others had approached P. W. 1 for giving him employment and P. W. 1 had refused saying that if Shri Mati was kept for another month, he would have to be a member of the provident fund scheme. The evidence of O. P. W. 2 in cross-examination shows that the provident fund scheme was introduced in October 1962. There is, however, no cross-examination regarding th evidence of O.P.W. 2 as to the reason for termination of service of Shri Mati. Shri Roy had pointed out that the evidence of O. P. W. 3 shows that the workman had written a letter to the employer for keeping Shri Mati on the job and that this letter has not been produced. It is quite true that this letter has not been produced but in view of the other evidence which I had discussed above, I do not think that anything turns on the non-production of that letter. It appears to me on a consideration of the facts and circumstances that Shri Mati is certainly not employed casually from time to time and that he had actually worked from 1st Aswin 1370 B. S. to 6th Bhadra 1371 B. S. The submission of Shri Roy therefore that the employment of Shri Mati had ceased after doing the work of a particular day, cannot be accepted.

In this case, it is disputed that no charge-sheet has been issued and there has been any enquiry before the termination of service of Shri Mati. The termination of service, therefore, on 6thBhadra is certainly unjustified and illegal. I have not discussed the question regarding payment of overtime wages for doing overime work by the regular employers. I do not think it is necessary to do so. I need only say that I do not accept the evidence of the employer that when any extra work was to be done whether on receipt of special orders or on festival occasions, Nagda Karigors are invariably employed for doing that work. It appears to me, prime facie, that though "Nagda Karigors" might have been employed, still there is some evidence to show that the regular employees had to work overtime work for manufacturing the sweetmeats and for delivery witnin the time allowed. I have already stated above that there is no reliable evidence that Shri Mati really worked as a "Nagda Karigor."

The result therefore is that the termination of employment of Snri Mati is found to be illegal and unjustified and Shri Mati is certainly entitled to reinstatement in service with full wages for the period of forced unemployment. The employer is directed to reinstate Shri Mati in service and to pay him full back wages for the period of forced unemployment whithin one month of the publication of this award in the "Calcutta Gazette." This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Martin Burn Ltd., Managing Agents Messrs. Indian Iron & Steel Co. Ltd., 12 Mission Row, Calcutta and their workmen represented by Martin Burn Indian Employees' Union, Bikaner Buildings, 8B Lallbazar Street, Second floor, Calcutta-1. (Case No. 266 of 1964.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri A. K. DE, District Judge, Presiding Officer, Fifth Industrial Tribunal.

Present for the Company : Shri D. Gupta, Advocate.

Present for the Union : Shri D. L. Sen Gupta, Advocate.

The subject-matter of this reference is whether the dismissal of Sarbashri Sukumar Chandra Sarkar and G. C. Karmakar is justified and to what relief, if any, they are entitled.

The Government of West Bengal, in its Labour Department order No. 4211-I.R./IR/11L-161(B)/64, dated the 15th September 1964, referred this issue as an industrial dispute existing between Messrs. Martin Burn Ltd., and their workmen represented by Martin Burn Indian Employees' Union for adjudication. In the order of reference, the Government described Messrs. Martin Burn Ltd. as Managing Agents of Messrs. Indian Iron & Steel Co. Ltd. On the basis of the Government order of reference, this Tribunal issued notice on Messrs. Martin Burn Ltd. The said company appeared in response to that notice and filing a written statemtnt challenged the Government order of reference as illegal and ultra vires on the ground that the two workmen in the order of reference were never the employees of that company. The company prayed for disposal of that preliminary objection before going into the merits of the issue. On the date of hearing the company, through Shri D. Gupta, Advocate and the union through Shri D. L. Sen Gupta, Advocate' appeared and submitted argument on the preliminary' issue as to whether or not the Government order of reference as illegal.

It appears from the Annexures G and H of the unions' written statement that these two workmen in the order of reference were given charge-sheets by the Indian Iron & Steel Co. Ltd. It further appears from the Annexures I and J of the written statement of the union that the said two workers gave their replies to the charge-sheets to the Indian Iron and Steel Co. Ltd. It is further seen from the Annexures K and L of the union's written statement that the orders, which have been made the subject-matter of the reference, were made by the Indian Iron & Steel Company Ltd. That being so, it is quite clear that the dispute, if any, relating to the issue under reference, is a dispute between Messrs. Indian Iron & Steel Co. Ltd. and the union representing the two workers. The issue may be adjudicated upon if and when such a reference is made to a Tribunal by the Government between Messrs. Indian Iron & Steel Co. Ltd and their workmen. On the present reference that cannot be adjudicated upon by the Tribunal. The question as to whether these two workmen were employees of Messrs. Martin Burn or of Messrs. Indian Iron & Steel Co. Ltd. need not be decided. For, if it is held that they are workers of Martin Burn Ltd. then the order of dismissal not having been passed by Martin Burn Ltd., but by Indian Iron & Steel Co. Ltd. cannot be resolved by adjudication of this reference. Again, if it is held that they are not workers of Martin Burn Ltd., but of Indian Iron & Steel Co. Ltd., then a reference of the dispute against the latter company will be necessary.

In view of the position as indicated above, the Tribunal is of the view that this reference is incompetent and, hence, cannot be adjudicated upon by the Tribunal. In the result, the Tribunal decides that the reference is incompetent, and awards accordingly.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Caledonian Printing Co. (P) Ltd., 3 Wellesley Place, Calcutta and their workmen represented by the Press Employees' Association, 249B Bowbazar Street (1st floor), Calcutta-12 (Case No. 253 of 1964).

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri A. K. DE, District Judge, Presiding Officer, Fifth Industrial Tribunal.

Present for the Company : Shri A. K. Sarkar, Law Officer of the Company.

Present for the Union : Shri Anil Das Choudhury, Vice-President of the Union.

1. This relates to an industrial dispute existing between Messrs. Caledonian Printing Co. (P) Ltd., hereinafter called the Company, and their workmen represented by the Press Employees' Association, hereinafter called the Union, and referred to this Tribunal for adjudication under section 10 of the Industrial Disputes Act, by the Government of West Bengal, Labour Department, order No. 3717-I.R./IR/13L-211 64, dated the 22nd August 1964.

2. Facts are these ; Sarbasri (1) F. A. Mendez, (2) B. N. Bhadra, (3) N. C. Chatterji, (4) K. C. Biswas, and (5) L. C. Sarkar were workmen in the Lino and Reading Section of the company, and (6) P. N. Mitra, (7) Kasem Ali and (8) Kishori Mohan Sirkar, were respectively junior time-keeper, machineman and compositor in the company. Nos. 1 to 5 were made to go on leave from 16th October 1963 to 29th November 1963. They reported for duty on 30th November 1963. They were not given any work that day, and were asked to come on a future date. No. 6 was on medical leave from 16th October 1963 to 20th October 1963. He reported for duty on 21st October 1963 and was not allowed to work. No. 7 worked up to 22nd September 1963. He remained absent from work up to 3rd October 1963, being ill. He came to work on 4th October 1963, but was not allowed to work. No. 8 worked up to 20th February 1963. He was not allowed to work from 21st February 1963. It is the case of the union that the company had refused employment to each of these eight workmen from the dates, as stated above, and had thus terminated their services because of their activities as members of the union. It was further stated by the union that the company did not implement an award of another Tribunal regarding dearness allowance, and that on the complaint of the union about that, the company was prosecuted before the Presidency Magistrate for such non-implementation of award. These 8 workmen were responsible for having that complained filed, and the company being dissatisfied with them for that had victimised them in the manner mentioned above.

3. The company's short plea is that it had not refused employment to any of these workmen, but the workmen themselves wilfully left the services of the company.

4. The issue is,

"(1) Whether the refusal of employment of the following workmen is justified ? To what relief, if any, are they entitled ?—

Sarbasri (a) P. N. Mitra, (b) F. A. Mendez, (c) B. N. Bhadra, (d) N. C. Chatterjee, (e) K. C. Biswas, (f) L. C. Sirkar, (g) Kasem Ali and (h) Kishori Mohan Sirkar".

5. It is undisputed that the workmen Nos. 1 to 5 had not worked in the company from 30th November 1963 though they had neither taken leave or permission nor were granted leave or permission for such absence by the company. It is also admitted that the workmen Nos. 6 to 8 had not worked in the company since 21st October 1963, 4th October 1963 and 22nd February 1963, and none of them applied for or got any permission for leave for such absence. So, the position is that these workmen had either remained absent wilfully, as pleaded by the company, or had been refused employment by the company, as the case of the union was. Whether one version or the other is correct, the resultant position is that the workmen are still in the employment of the company. For, admittedly, the company did not take any disciplinary step against any of them, and had not terminated their services. The conditions of employment under this company are admittedly governed by the award of the Tribunal published in the "Calcutta Gazette" of 1st March, 1951, under the Labour Department notification No. 995-Lab., dated 14th February 1951. Paragraph 14 of that award clearly lays down three modes of termination of services of employees. Not one of those modes is attracted to the facts of the present case o

was called in aid by the Company. 'It is to be noted that there is nothing on record or evidence hereto call for or justify automatic termination service for absence from duty without leave or permission. Whether the workmen wilfully absented themselves from duty or not, the company could only end their services taking recourse to paragraph 14 of that award. The Tribunal, therefore, finds that these 8 workmen are still in the employment of the company.

6. The question now taken up for consideration is whether the union's case that the company refused employment to the workmen is ture. It is quite evident that it is ture. It is unlikely, if not absurd, that the workmen would suddenly stop working without any incident or any indication ot that effect given to the company before that. Again, it is seen that the workmen men complained of refusal of employment by the company soon after those dates (vide Exts. 1, 7 13 and 15). The workmen Nos. 1, 5, 7, and 8 herd also stated that in evidence. There is no competant denial in this respect by any evidence on the company's side. O.P.W. 1 D.R. Gupta, stated that the was not in Calcutta when Kashem Ali (No. 7) came to the company for work on 4th October 1963. There was no statement controversing that of Nos. 6 and 8 about refusal of employment to them. No. 8 Kishori Sirkar stated that K. P. Roy drove him out when he came to work. K. P. Roy who deposed as O.P.W. 2, did not deny that even. Admittedly, the workmen Nos. 1 to 5 reported for duty on 30th November 1963 and were not given any work that day. D. R. Gupta, O.P.W. 1, said that he asked them to come on 7th December 1963 whereas the workmen stated that they were asked to come on 3rd December 1963. Whether they were asked to come on 3rd December 1963 or 7th December 1963, the fact remains that their leave expired on 29th November 1963, and that they were not given any work when they reported for duty on 30th November 1963. To explain this, O.P.W. 1, said that he gave each of them leave for another week from 30th November 1963. This evidence cannot be accepted as true. Firstly, those men had not any leave at their credit on 30th November 1963. It is not likely that they would have been given leave when leave was not at their credit. Secondly, they were given leave in writing on 15th October 1963. If they were again given leave from 30th November 1963, that would also have been a written order, if it were true.

7. Considering the evidence discussed above, the Tribunal decides that the workmen did not wilfully remain absent from work as stated by the company, and the Tribunal holds that the company refused employment to each of these workers from the dates stated before.

8. It is proved in evidence that the union, including these 8 workmen, moved the Government and had this company prosecuted for non-implementation of another award of a Tribunal. It is likely that the company would be dissatisfied with the workmen who cause the company to undergo prosecution. The mind of the company is reflected in the letter, Ext. 4 and in the evidence of O.P.W. 1, that the company had not any work to be given to the workmen Nos. 1 to 5. That is also stated in the letter, Ext. C. In these circumstances it is proved that the company's case that the workers wilfully left the employment is not true.

9. In view of the above considerations, the Tribunal decides that these 8 workmen were refused employment by the company and the said refusal by the company is not justified. The workmen are entitled to the relief i.e. that they are in employment.

10. In the result, the Tribunal answers the first part of the issue in the negative and holds that the workmen are entitled to the relief asked for. The Tribunal awards as follows :—

(1) The refusal of employment of the eight workmen in the order of reference by the company is not justified.

(2) Each of the eight workmen in the order of reference is in the employment of the company, if not retired or liable to retirement in accordance with the rules or terms applicable to him.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Gestetner Duplicator (P) Ltd., 114 Middle Road, Calcutta-14, and their workmen represented by the Gestetner Workers' Union, 177-B Lower Circular Road, Calcutta-14. (Case No. 162 of 1963.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri A. K. DE, District Judge,
Presiding Officer, Fifth Industrial Tribunal,
West Bengal.

Present for the Company : Shri J. K. Ghosh and Shri A. K. Joardar, Advocates of Messrs. Orr Dignam & Co., Solicitors.

Present for the Union : Shri P. K. Sanyal, Advocate and Shri Shyamsundar Choudhury, Advocate.

1. This is a reference of an industrial dispute between Messrs. Gestetner Duplicator (P) Ltd., hereinafter called the company, and their workmen represented by the Gestetner Workers' Union, hereinafter called the union, by the Government of West Bengal, Labour Department, order No. 3278-I.R./IR/11L-303/63, dated 13th August 1963, to this Tribunal for adjudication under section 10 of the Industrial Disputes Act.

2. The issue for adjudication is whether the demotion of Shri Gayaram Shaw from the position of shift-in-charge to that of a workman is justified, and to what relief, if any, is he entitled. Shri Gayaram Shaw, after working in the company for over 30 years, was appointed as supervisor. He was appointed shift-in-charge on abolition of the post of supervisor. He became the Vice-President of the union. The company did not like his activities in the union and in order to victimise him for that, gave him a false charge-sheet on 28th June 1962. He gave his explanation to that. An enquiry was thereafter held out he was not given opportunity to defend him properly. The company demoted him on 1st September 1962 from the post of shift-in-charge to that of a workman on the result of the enquiry. His reinstatement and wages as shift-in-charge from the date of demotion were prayed for.

3. The company stated in reply that Shri Gayaram Shaw was found guilty of major misdemeanour in a domestic enquiry, duly started and held, and was demoted by way of lenient punishment instead of being dismissed. It was stated that he shouted at Shri Godfrey, the Superintendent of his factory, his superior, in presence of other workers and told him that he was making zoolum on him and that his such conduct was subversive of discipline.

4. Parties gave evidence and proved documents. The Tribunal, then presided over Shri K. P. Mukherjee, held that the domestic enquiry held against Shri Gayaram Shaw was not fair and proper being in violation of the principles of natural justice, and going into the evidence given before it came to the conclusion that the charge against the workman was not proved on that. The Tribunal directed the company to put Shri Shaw back in his former post of shift-in-charge and to pay him from the date of his demotion wages of shift-in-charge minus the amount already paid.

5. The company moved the High Court against the award in an application under article 227 of the Constitution. The High Court by its order, dated 22nd December 1965, quashed the award and directed the Tribunal to find on the evidence on the record whether Shri Shaw shouted at Shri Godfrey in a loud and angry voice and stated to him that he was resorting to *zoolum* and, whether use of such word as *zoolum* in a loud and angry voice would, in the circumstances of the case, be an act of indiscipline within the meaning of item No. 11 of "Major Misdemeanours" in the Certified Standing Orders of the company. The Tribunal's decision that the domestic enquiry was not a proper one was not disturbed.

6. The Tribunal will therefore proceed to decide the questions in accordance with the directions of the High Court in the order indicated there. The charge against Shri Shaw, the shift-in-charge, was that he shouted on 22nd June 1962 at about 2-30 p.m. at Shri Godfrey, the Stencil Superintendent, his superior, in a very loud and angry voice stating that the Management was resorting to zoolumn in presence of a number of workers and that he challenged Shri Godfrey to report the matter when asked by him to refrain from making such statement (vide Ext. A). Shri Shaw in his reply, Ext. B, stated that Shri Godfrey was his superior officer, and, that he, in presence of other workers said that Shri Godfrey's, considering his act in having a packet of stencil paper brought to his table by a worker as misbehaviour was nothing but his zoolum. The evidence as to the incident, that admittedly took place on 22nd June 1962, came from Shri Shaw (P W 1), Shri Naiyek (P W 2), O P W 1, Shri Godfrey, O P W 4 Md. Rahim and O P W 5 Hiralal Shaw, and the document Ext. E Shri Godfrey proved his report Ext. E, about the happenings on 22nd June 1962. He was not cross-examined as to the truth of his statements in the said report. Md. Rahim said he saw Gayaram talking to Godfrey in a loud voice and that on Godfrey asking him not to talk to him in angry mood and saying that he would report if he persisted Shri Shaw told that he might do what he liked. His evidence before the Tribunal was not challenged in cross-examination. Hiralal said that he saw an alteration between Gayaram and Godfrey, that Godfrey asked Gayaram to speak properly to which Gayaram said "*zoolum mat karo*" that Gayaram was talking in a loud voice. He denied the suggestion that Gayaram did not raise any shout that day. Gayaram, P W 1, himself did not say that he did not shout at Godfrey that he did not talk in loud or angry voice, that he did not say that Godfrey

was making zoolum, that he was not asked by Godfrey not to shout, that he did not tell Godfrey that he might do what he liked. Sudharsan, P W 2, only said that Gayaram did not raise shouts and collected workers. He is not behind there. Even P.W.1 Gayaram did not himself say so. Godfrey's report, Ext. E, which was made on the very day mentioned all this. Evidence of O.P. Ws 4 and 5 which the Tibunal accepts as true, proves that Gayaram shouted at Shri Godfrey in a loud and angry voice and stated to Godfrey that he was resorting to zoolum. No reason was even suggested to say why this evidence should not be believed. Besides, there is no denial by Gayaram or in Sudarsan's evidence. This evidence very clearly establishes that Gayaram shouted at Godfrey in loud and angry voice and that in presence of other workers said that Godfrey was resorting to *zoolum*. It is also proved that when Godfrey cautioned him saying he would report against him if he persisted in that Gayaram told him to do what he liked. This the Tribunal finds as satisfactorily proved.

7. The next question is whether what is held as proved in the preceding paragraph is commission of any act subversive of discipline. Sri Godfrey is Shri Gayaram Shaw's superior. Gayaram shouted at Godfrey. He talked in loud and angry tone to him. He told him that he was resorting to *zoolum*. He asked Godfrey to do what he liked when Godfrey asked him to behave. All this happened in presence of other workers. Gayaram was himself the shift-in-charge, and as such he was to have seen the workers under him were obedient to him. For such a person to flout his superior in their presence quite obviously tends to subvert discipline. It is of no consequence whether Godfrey was insulted by that conduct of Gayaram or not. It is also of no importance whether Gayaram intended to insult Godfrey. It is also of no consequence whether Gayaram so behaved under provocation. Fact remains that he himself, holding a position above workers, acted in their presence in a manner to his superior that would make other workers to think that a superior might be talked to like that and might not be obeyed. An act tending to subvert or destroy discipline is something different from actually subverting the discipline. The matter was whether Gayaram's conduct tended to destroy discipline and not whether that was insulting or not to any superior officer. Gayaram's version of the incident in his explanation, Ext. B, is neither proved nor at all probable. Neither he or Sudarsan stated that. There is nothing in evidence to say that there was any provocation to the worker. None said that. No circumstance was proved to justify even an inference that Gayaram was provoked. His own statement in Ext. B was that he most obediently and respectfully reminded Godfrey. That was not anything to say that he got provoked. Again, a conduct is not held as a misconduct from the punishment given for it. Whether or not it is a misconduct depends on facts proved before award of punishment. The Tribunal is not to consider or decide whether the punishment awarded by a domestic Tribunal is adequate or not. The Tribunal holds that Shri Gayaram Shaw was guilty of commission of act subversive of discipline.

8. The Tribunal, hence, answers first part of the issue under reference in the positive and the second part of it in the negative. The result is that Shri Gayaram Shaw is not entitled to any relief.

In the matter of an industrial dispute between Messrs. S. Hossain and Co., T-275 Pachpara Road, Rajabagan, P.O. Burtalla, Calcutta-18, Contractor of Messrs. Martin Burn Ltd., 1 Satya Doctor Road, Kidderpore, Calcutta, and their workmen represented by the Store Martin Workers' Union, 130 Circular Garden Reach Road, Kidderpore, Calcutta-23. (G.O. BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri R BHATTACHARYA, M A. LL B.,
Judge, Fourth Industrial Tribunal.

For the Company : None.

For the Union : Shri D L. Sen Gupta, Advocate.

This reference under section 10 of the Industrial Disputes Act over an industrial dispute between Messrs. S. Hossain and Co. and their workmen was originally sent to the First Industrial Tribunal, West Bengal, under the Government of West Bengal, Labour Department, order No. 4040-IR/1R/10L-111/63, dated 26th September 1963, to decide the following issues :

Issues

1. Leave and Holidays.

2. Retiring benefit.

Subsequently, however, the case was withdrawn by the Government of West Bengal and transferred to this Fourth Industrial Tribunal for adjudication under the Labour Department, order No. 6498-IR/1R/11L-111/63, dated 9th December 1965. The parties are Messrs. S. Hossain and Co. (hereinafter described as the company), T-275 Pachpara Road, Rajabagan, P.O. Burtalla, Calcutta-18, the employer, and its workmen represented by the Store Martin Workers' Union, (hereinafter referred to as the union), 130 Circular Garden Reach Road, Kidderpore, Calcutta-23.

After the transfer of the reference to this Tribunal, parties were informed through their agents and lawyers about this case. The records were received on 21st December 1965. Thereafter two dates were fixed for hearing. On 4th March 1966 the case was further fixed on 26th April 1966 for peremtory hearing. Today when the case was taken up for hearing, Shri Sen, learned Advocate for the company, informed me that inspite of repeated information he did not get any instruction from his client regarding the hearing of the case. In these circumstances, he retired. As a result thereof, the case has been card ex-parte. Shri D. L. Sen Gupta, learned Advocateh forthe union, did not adduce any evidence on the side of the workmen and he wanted to rely upon his argument.

In short, in the written statement originally filed by the union, the case of the workmen was that the Martin Burn Ltd. was their real employer and that Messrs. S. Hossain and Co. was but an agent or benamdar of Martin Burn Ltd. The workmen wanted to say that there was no relationship of master and servant between the workmen and the company and that Martin Burn Ltd. was the real employer. In the written statment filed by the company it was stated that Martin Burn Ltd. was not the employer of the workmen in question and that the company, namely, Messrs. S. Hossain and Co., was their real and bona fide employer of the workmen. The company wanted to say in the written statement that in view of its financial condition, it was not possible to give any retiring benefit as claimed by the workmen and that the workmen were not entitled to the claim of leave and holidays made in their written statement. It appears that inspite of sufficient opportunity, the company has not appeared before this Tribunal at the time of hearing with proper evidence to challenge the claim of the workmen. The union as well has not adduced any evidence before this Tribunal at the time of hearing in support of their claims. It has been however, admitted by the union that in this proceeding they accept the case of the company that the workmen are its employees and not of Martin Burn Ltd. Shri Sen Gupta appearing on behalf of the union has submitted before me in his argument that he wants relief in this case relying on the general and equitable principles as would be thought proper in the present day circumstances.

With regard to the Issue No. 1 I would first take up the question of leave. The claims of the union in this respect are as follows :

(a) Privilege leave—15 days with full wages.

(b) Casual leave—6 days with full wages.

(c) Sick leave—15 days with full wages and with half wages till recovery up to 6 months.

(d) Festival holidays—11 days with full wages, including the days of National Festival.

The privilege leave and the casual leave claimed are on the whole reasonable, and I allow 15 days privilege leave annually with full pay to be granted subject to exigencies of the company and this leave will be cumulative up to one month. The workmen shall also get casual leave for six days every year with full wages but this leave will be non-accumulative. The workmen shall also be entitled to sick leave for 15 days in a year with full wages against medical certificate and subject to the satisfaction of the company. If the sick leave with full wages is exhausted, a workman may also be entitled to a further sick leave for a period of one month with half-pay subject to the company's discretion.

The union has claimed festival holidays for 11 days. with full wages including the days of national festivalt This claim is reasonable and the company shall grand such holidays every year.

Coming to the question of Issue No. 2 relating to the retiring benefit, the union has claimed gratuity as well as Provident Fund. The union has not adduced any evidence whatsoever to indicate that the company has sufficient means to grant double retiring benefits. I am not inclind to grant relief on two heads as claimed. Shri Sen Gupe has preferred gratuity to Provident Fund in casstosingle benefit is given. I think that for the endtuitysocial justice and security a workman should get gramon. The workmen want gratuity at the rate of one forceth's wages for each year of serivice on termination, forldfor voluntary, after three years of service at the rate pay last drawn including cases of dismissal. Thns istoo much to expect, specially in this case, when eo evidence is fourthcoming in this respect from eithr of the parties. On principle and in the absence of any evidence of the company's bad financial condition, I dec de to grant some sort of gratuity to the workmen, and on due consideration, I grant gratuity to the workmen at the rate of 15 days' wages for each year of service on termination of the workmen's service after completion of five years of confirmed or permanent service at the average rateof pay drawn for the last 12 months subject to the maximum of eight months' wages. The company shall, however, be entitled to deduct from the gratuity of the

workmen the loss if any it has sustained on account of the damage caused to the company by the conduct of the workmen concerned and suffered by the company due to the misconduct of the workmen. The award regarding gratuity will take effect from the 1st of January 1966.

Industrial disputes referred to this Tribunal in the present case are hereby disposed of as indicated above.

No. 1902-I.R./IR/15L-3/64.—12th May 1966.—Whereas under the Government of West Bengal, Labour Department, order No. 1206-I.R./IR/15L-3/64, dated the 19th March 1964, the industrial dispute between (1) Messrs. Ram Krishna Pure Oil Mill, P-56/1 Strand Road, Calcutta-6, (2) Messrs. Bhadrakali Oil Mill (P) Ltd., 67/39 Strand Road (Kulpighat), Calcutta-6, (3) Messrs. Agnihotra Oil Mills, 37/1 Canal West Road, Calcutta-4, (4) Messers. Janki Pure Oil Mill, 67/44 Strand Bank Road, Calcutta-6, (5) Messrs. Sree Durga Pure Oil Mills, 67/44 Strand Road, Calcutta-6 and (6) Messers. Gopal Pure Oil Mills, 57/41 Strand Road, Calcutta-6, and their workmen represented by Employees' Association, 1 Joy Bhattacharjee Lane, Calcutta-3, regarding the issue mentioned in the said order, being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Fifth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal, Shri Tarapada Saha, a workman of Messrs. Sree Durga Pure Oil Mills made a complaint in writing to the said Industrial Tribunal against the said company alleging that the said company had contravened the provisions of section 33 of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of the power conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by one Tarapada Saha, 1 Joy Bhattacharya Lane, Calcutta-3, an employee of Sri Durga Pure Oil Mill, 67/44 Strand Road Calcutta, against the aforesaid company. (Case No. 49 of 1965 u/s 33A.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri A. K. DE, District Judge, Presiding Officer, Fifth Industrial Tribunal.

Present for the Company: Shri A. K. Sarkar, Advocate.

Present for the Applicant: Shri Panchanan Bhattacharya, a Trade Unionist.

The company is ready through Shri A. Sarkar, Advocate. The workman and his representative Shri P. Bhattacharya are absent on calls. Shri Bhattacharya has sent information through his clerk that he will not proceed with the complaint.

The workman's complaint was that he was granted leave orally for indefinite period when he had a serious accident in the mills on 7th Falgoon, 1371 B.S. and that the company told him on 24th Baishak, 1372 B.S. that he would not be allowed to remain in employment. He stated that this refusal of work to him was a contravention of section 33. The company resisted this by filing a written statement. The industrial dispute referred to this Tribunal in Government of West Bengal, Labour Department, order No. 1206/I.R., dated 19th March 1964, between the company and their workmen was pending for adjudication when he met with the accident and was refused employment.

As the company has appeared and the worker-petitioner above is absent, there cannot perhaps be a "no dispute" award in accordance with rule 22 of the West Bengal Industrial Disputes Rules, 1948.

But the Tribunal has nothing before it to say that the complaint is entertainable or that the allegations in the complaint are true or proved. The Tribunal therefore, disallows the complaint under section 33A as not proved. This is the award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Aluminium Corporation of India Ltd., P. O. Jaykaynagore, district Burdwan and their workmen represented by Aluminium Mazdoor Union, P. O. Jayykaynagore, district Burdwan. (Case No. 72 of 1964.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL. WEST BENGAL

Present :

Shri A. K. DE, District Judge, Presiding Officer, Fifth Industrial Tribunal.

Present for the Company : Shri K. K. Maitra, Vice-President of the Association, West Bengal, Orissa and Bihar Employers' Association.

Present for the Union : Shri Patit Paban Pathak, an officer of the union.

1. This is a reference by Government of West Bengal in its Labour Department, order No. 1064-I.R./I.R./10L-84(B)/63, dated 6th March 1964, under section 10 of the Industrial Disputes Act for adjudication to this Tribunal. This relates to the issue "Whether the suspension of Sarbashri Satyanarayan Ram, Changur Ram, Sovran Lal, Baijnath and Lalji for an indefinite period is justified ? To what relief, if any, are they entitled ?

2. The industrial dispute is between Messrs. Aluminium Corporation of India Ltd., hereinafter called the company, and their workers represented by Aluminium Mazdoor Union, herinafter called the union.

3. What took place before the industrial dispute was referred for adjudication may be stated :

Baijnath and Lalji were workers in the Alumina House of the company. Satyanarain, Changur Ram and Sovranlal were sepoys of the Watch and Ward Department of the company. Six cutends of aluminium ingots were recovered on 9th February 1963 from under the hay, stacked on the roof of Krishnananda and Hira Singh. The company started enquiry to find out as to who was responsible for the removal of those ingots from the Alumina House. On and from 12th February 1963 the company suspended for an indefinite period Satnaram and Changur Ram The company suspended Sovranlal from 18th February 1963 and Baijnath and Lalji from 7th March 1963. The company, thereafter lodged a first information report on 22nd March 1963 about the same matter at the local police-station. The police, in course of investigation of that case, arrested Satyanaram, Changur Ram, Baijnath and Lalji. Sovranlal surrendered in Court. The police submitted final report on 27th April 1963 in the Court and as a result of that these 5 workmen were discharged in the police case

from the Court. In the meantime, the company held enquiries into the charge-sheets against these 5 workmen on 18th March 1963 and 21st March 1963 and did not hold any further enquiry, and did not inform the workmen that any further enquiry would be held. The workers were kept suspended and were neither found guilty of the charges nor absolved of the same in the domestic enquiry. The workers approached the Conciliation Officer for ending their illegal indefinite suspension. In spite of joint discussions with the company, and suggestion by the Conciliation Officer to the company to take the workers back in their jobs terminating their suspension the company went on continuing the suspension. As at that time another matter was pending adjudication before this Tribunal between the parties under section 10 of the Industrial Dispute Act, the workers filed complaints under section 33A of the Industrial Disputes Act on 20th January 1964 regarding their suspension. The company then became active and issued notices to the workers saying that the domestic enquiry to the charge-sheet would again be held. The workers informed the company that they would not attend the enqiury as the matter has already been referred to the Tribunal. Accordingly they did not attend the enquiry. The Government made the present reference when the conciliation attempts failed Thereupon, the workers withdrew their complaints under section 33A on 9th September 1964.

4. The company's case is that the company has the right to suspend its employees pending enquiry about their misconduct under the Certified Standing Orders, that the reference is bad in law as having been made during the pendency of the workers complaints about the same matter under section 33A. The company further stated that each of the five workmen was charge-sheeted and simultaneously suspended ; that the enquiry into the charge-sheet could not be concluded because conciliation attempts at the instance of the workers were being made, complaints under section 33A was filed and pursued and also because the police investigation consumed time.

5. The issue is—

Whether the suspension of Sarbasri Satnarayan Ram Changur Ram, Sovran Lal, Baijnath and Lalji for an indefinite period is justified ? To what relief, if any, are they entitled ?

6. Satnarayan, Changur, Sovaram, Baijnath & Lalji were suspended on 12th February 1963, 12th February, 1963, 18th February 1963, 7th March 1963 and 7th March 1963 respectively under orders of the company as per Exts. E. B. D. C., and A. They remained so suspended even up to the date of reference, i.e., 6th March 1964. It is not disputed that in March 1963 there was pending before this Tribunal another reference relating to different matters between these parties, and that these workers filed applications under section 33A of the Industrial Disputes Act over their suspension before this Tribunal on 20th January 1964,and withdrew those on 9th September 1964 after the present reference was made by the Government. Thus it is seen that this reference was made during the pendency of section 33A complaints. It was contended by the company that a reference under section 10 is bad during the pendency of complaints under section 33A of the Industrial Disputes Act over the same matter. The Tribunal is of opinion that this contention is unsound. Complaints under section 33A are initiated by parties and a reference under section 10 is made by Government. It is well settled in law that Government can make a reference under section 10 even after the disposal of complaints over the same matter under section 33A. The Tribunal rejects this contenton of the company and therefore, proceeds to consider the issue on merits.

7. The company has sought to justify suspension of these workers relying on the certified Standing Orders, Ext. H. Paragraph 16 was referred to. It provides that a worker may be suspended for "major misdemeanour" if the "order of suspension" is made in writing "at the same time" and will take effect "immediately" on "delivery of the order to the workman concerned". It is laid down there as to how a notice or direction upon a worker to attend is to be served upon him. The question is, whether the "order of suspension" was made in writing at the same time and was "delivered" to the workman concerned. Delivery of the order of suspension to the workmen is the essential requirement for its justification. Further, the order of suspension is to be made at the same time with the start of the domestic proceeding for misconduct. The case of the workers is that no charge-sheet, i.e., combine charge-sheet and order of suepsnion, was given to Satnarayan, Changur and Sovran Lal. They admit delivery of the same to Baijnath and Lalji (vide Exts. 18 and 10). The company gave no direct evidence to prove delivery of the order of suspension to workers Nos. 1 to 3 of the issue under order of reference. The Company referred to the explanations given by those men to say that the order of suspension was delivered along with the charge-sheet. It has already been stated that the charge-sheet and the order of suspension relating to those workers are Exts. E, B and D. The explanations are Exts. E(1), B (1), B(2) and D(1) respectively. The question is whether these documents contained admission of the delivery of the order of suspension to them. Ext. 4 proves that the workmen got the order of suspesion along with the charge-sheet. Sovran gave Ext. 4 in reply to Ext. 3 which preceded Ext. D. Similarly Satnarayan in Ext. 2 mentioned receip tof the order of suspension with the confidential memo Ext. 1. Ext. 1 memo is different from the charge-sheet Ext. E. He gave Ext. E (1) in response to Ext. E. Satnarayan deied signature on Ext. E (1). But the Tribunal does not accept his evidence of denial in that respect. The Tribunal decides that Satnarayan got the charge-sheet and the order of suspension. Ext. B is the charge-sheet and order of suspension relating to Changur. He gave Exts. B (1) and B (2). Ext. D (1) is mentioned in Ext. B. But Ext. B (2) was given after Ext. B, and it refers to the charge-sheet. It must be held that the order of suspension was delivered to him along with the charge-sheet. Thus it is proved that the company delivered the charge-sheet and order of suspension to each of the workmen Nos. 1 to 3 of the issue. The charge against all the five workmen was aiding and conniving in the theft of the company's properties, i.e., a "major misdemeanour" as laid down in paragraaph 16 (d) of the Standing Orders. It follow

that the suspension of the workers was justified when it was given. At the hearing O. P. W. 2 Shri Purusttam Das Gupta stated that the Standing Orders of the company provided for suspension of workers pending enquiry and "disposal of the charge-sheet cases". This evidence gets no support from the Standing Orders (Ext. H). Therefore this evidence is not accepted as justification for suspension for indefinite period.

8. The second attack of the union is that the suspension is unjustified having not been withdrawn even after the enquiry was concluded. It is admitted that the domestic enquiry in each of these five cases was held on 18th March 1963 and 21st March 1963 in presence of the workers and that thereafter none of them was informed that any further enquiry would be held later or that the enquiry had not been concluded. It appears from the records that the enquiry was held on 18th March 1963 and the company noted on the workers' notices, Exts. 23 to 26 that further enquiry would be held on 21st March 1963. But the company did not prove from any record of enquiry that the enquiry was adjourned to a future date on 21st March 1963. It was not suggested to any worker in this proceeding that on 21st March 1963, he was informed by the enquiring officer that further enquiry would be held on a later date. In this state of record the Tribunal holds that the domestic enquiry ended on 21st March 1963. It was required of the company after 21st March 1963 either to find the workers guilty of misconduct as in charge-sheet or to absolve them of the charge. The result of not having done so is that the suspension of indefinite nature is unjustified, i.e., when the investigation came to an end, continuation of suspension after that date was unjust. The workers did not know of the pendency of enquiry against them after 21st March 1963 or any date between 21st March 1963 and 7th December 1964. No communication was made to any of the workers during that period intimating pendency of domestic enquiries. That also showed that the enquiry stated against them was concluded on 21st March 1963. It is noticed that after the workers had filed complaints before the Tribunal under section 33A on 20th January 1964, the company attempted to make out that the domestic enquiries had remained pending. By letters Exts. 9 and 11 Baijinath and Lalji complained to the company on 12th April 1963 that the enquiries had not been finalised. That was followed by the union making the same accusation by letters, Exts. 13 and 14, dated 29th April 1963, and letters, Exts. 15 and 17, dated 17th May 1963. These letters resulted in communications—Ext. 18 of 1st June 1963, Ext. 19 of 20th June 1963, Ext. 20 of 12th June 1963 and Ext. 21 of 16th July 1963. Even those did not stir the company into action to proceed with the enquiries or to say that the enquiries had not been concluded. The company did not even intimate the workers that they would hold enquiries or that the enquiries were pending. Letters, Ext. F series, dated 1st June 1963, 20th June 1963, 3rd July 1963 and 27th July 1963 filed by the company show that the company knew of the correspondence made by the workers and their union about this suspension. In this state of record the Tribunal is of the opinion that the company concluded their enquiries on 21st March 1963, and if they did not conclude the enquiries on that date, they did not take any steps whatever to keep the workers informed that the enquiries were yet to be concluded. Not having done that, it must be held that the suspension of the workers on 21st March 1963 was unjustified. The company, however, came up with an explanation in Court that they could not hold the enquiries due to the conciliation talks or negotiations by the Conciliation Officer with the company. But this explanation is not accepted. If it were so, the company would then have informed the Conciliation Officer that the enquiries had not been concluded and would be held later. The company offered another explanation here. It was stated that the police investigation held up the enquiries. This is incorrect. It appears from the record that the company did not go to the police before 22nd March 1963 (see first line of last but 2 paragraphs of the police report, Ext. G). The police case was filed on 22nd March 1963. The police gave final report on 27th April 1963. There was nothing to hold up enquiries after 27th April 1963. If the enquiries were kept pending on account of police investigation then certainly the company would have informed the Labour Commissioner in response to his letter Ext. F series, that it would now proceed with the enquiries so long held up. Lastly the company stated that it could not proceed with the domestic enquiries as the main witness in the enquiry was threatened by the charge-sheeted workmen, and he so intimated the company. This explanation cannot be accepted, firstly, it was not taken as a ground in the written statement, and secondly, the company did not intimate any of these workers at any time between 21st March 1963 and 7th December 1964 that the main witness was still to be examined and that he was Krishnananda Misra, and that he was being threatened and hence was unable to attend, and that he would be examined later on. Nextly, this explanation is not true. The company has produced a letter of Krishnananda Misra, Ext. A(1) of 22nd March 1963 to say that he was the main witness and that he reported to the company on 22nd March 1963 by a letter that he could not attend the enquiry on 18th March 1963 and 21st March 1963 being threatened to be murdered by the charge-sheeted workers. If this letter had any existence, then certainly that would have been mentioned in the company's written statement in this proceeding or in some other communications prior to that. It is interesting to note that the company lodged *ejhar* in the *thana* on 22nd March 1963 suspecting Krishnananda, the alleged main witness, for this theft. Consequent upon that Krishnananda was arrested on 28th March 1963 or 29th March 1963 (Ext. 22). It is from the roof of the house where he was residing, and from under his bay that the ingots were recovered. It is hardly believable that the company knew him to be the main witness against other workers on 18th March 1963 or 21st March 1963. It was also very unlikely for Krishnananda to write Ext. A(1) on the lines as seen there. Krishnananda, as O.P.W. 1, stated here that he wrote that letter long after his release from police arrest on 28th March 196

or 29th March 1963. That showed that he did not write the letter on 22nd March 1963. If he was the main witness in the domestic enquiry the company would not have made him a suspect in the police case on 22nd March 1963. Finally, it is noticed that the company's case in the written statement, paras. 7 and 14(viii), is against the case made at the hearing. It was stated there that the workmen threatened the witnesses and scared them away so that they might not give evidence in the "criminal" case. There was no mention of threat and scaring away of witnesses from the domestic enquiry. The Tribunal is not satisfied that the company had any reason for not holding the enquiry between 21st March 1963 and 7th December 1964, and even if they had any reason, the company did not inform the workers of any such reason and an enquiry once started could not have been postponed indefinitely without intimating the workers of its pendency or postponement. It is sufficiently proved that the continuing of suspension of workers after 21st March 1963 was unjust. It is necessary to consider the another plea of the company to justify the suspension. It was stated that the company did not proceed with the enquiry because the workers filed complaints under section 33A. But those complaints were filed on 20th January 1964, and that would not be any ground for not holding the enquiry between 21st March 1963 and 20th January 1964. Again, those complaints were withdrawn on 9th September 1964. If that was the reason for postponement, the domestic enquiry, it would certainly have been started soon after 9th September 1964, and it would not have been delayed till 7th December 1964. It was contended that the enquiring officer noted in his own record on 18th March 1963 that another witness would be examined on 21st March 1963. True, he did that. But he did not note that on the notices of the workers Exts. 23 and 26. The Tribunal does not accept it as true that the enquiring officer informed the workers on 18th March 1963 that the enquiries were being adjourned to 21st March 1963 for examination of witness. Even if he did that, he did not inform on 21st March 1963 that he was adjourning the enquiries for examination of one or some of the witnesses on future date or that he would fix another date for the enquiries thereafter. Rather, by not fixing any date or informing the workers that a future date would be fixed for the enquiries he made the workers think that the enquiries had been ended. In this state of evidence it must be held that the suspension of the workers which continued up to 21st March 1963 was unjust and not supportable on the Standing Orders (Ext. H).

9. It is necessary to refer to Exts. A, B C, D and E once again. The order Ext. A is "you are placed under suspension pending further relevant investigation in the case". The order Ext. B is "you are from now on will be kept on suspension till all investigations in the case are completed". The order, Ext. C, is the same as in Ext. A. The order Ext. D is "pending completion of all investigations in this theft case you will be kept under suspension from attending any duties". The order, Ext. E, is "You shall treat yourself suspended for attending duty till further orders". It is further stated in Ext. E that he shall remain suspended pending completion of the theft case. It is seen from these orders that these orders were made to continue till the investigation of the theft case. That came to an end with the final report of the police on 27th April 1963. On the basis of these orders suspension should not have been continued after that. The Tribunal holds that those orders could not continue to be effective after 21st March 1963. For, after closing of the domestic enquiry, suspension could not be continued. The Tribunal has held that the enquiry was concluded on 21st March 1963, though not in fact, yet in effect, so far as the workers were concerned. An enquiry once started was to continue with intimation to the workers that it had not ended and will continue. There could not have been any adjournment or postponement of the enquiry without intimation of its pendency to the workers. In view of what has been held above, the Tribunal decides that the suspension of each of the five workers in the issue under the order of reference, was not justified after 21st March 1963. The workers would get their wages from 22nd March 1963.

10. Accordingly, the Tribunal decides that the suspension of Sarbasri Satnarayan Ram, Changur Ram Sovran Lal, Baijnath and Lalji was unjustified after 21st March 1963, and directs that the company should pay wages to each of these workers from 22nd March 1963 at the rates they would have been paid if they were not suspended. General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part 1, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For Outside:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Fee.

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal" Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Public Health

NOTIFICATION

No. P.H./2277/2R-24/66.—16th May 1966.—Whereas the Governor is satisfied that the district of Bankura excluding the municipal areas is threatened with an outbreak of small-pox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of small-pox and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, small-pox in the said district for a period of six months:—

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF SMALL-POX

1. In these regulations unless there is anything repugnant in the subject or context,—

(*a*) "Health Officer" means the Health Officer of the district appointed by the State Government, the Chief Medical Officer of Health of the district, or the Subdivisional Health Officer of any of the subdivisions of the district within their respective subdivisions;

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the State Government;

(*c*) "Small-pox" means any disease accompanied by an eruption of vesicles or pustules:

(*d*) "Patient" means a person suffering from or suspected to be suffering from small-pox;

(*e*) "Medical practitioner" means any person practising the medical profession.

Notices

2. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of small-pox he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reasons why such work has been carried out.

3. If any measure which the Health Officer has by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer shall be entitled to carry out the measure.

Costs and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions which led the Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations if he has failed to carry out an order issued under these regulations. He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein within the time specified in the order and to the satisfaction of the Health Officer

Location of disease

6. When a case of small-pox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than the patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman or headman to the nearest Sanitary Inspector.

LEGISLATIVE DEPARTMENT

NOTIFICATION

No. 1708L.—23rd May, 1966. — The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:

THE REVENUE RECOVERY (AMENDMENT) BILL, 1966.

A

BILL

to amend the Revenue Recovery Act, 1890, in its application to West Bengal.

WHEREAS it is expedient to amend the Revenue Recovery Act, 1890, in its application to West Bengal for the purposes and in the manner hereinafter appearing; Act I of 1890.

It is hereby enacted in the Seventeenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Revenue Recovery (Amendment) Act, 1966.

Application of the Act. **2.** The Revenue Recovery Act, 1890 (hereinafter referred to as the said Act), shall, in its application to West Bengal, be amended for the purposes and in the manner hereinafter provided.

The Revenue Recovery (Amendment) Bill, 1966

(Clauses 3, 4.)

Amendment of section 2 of Act I of 1890.

3. To clause (*l*) of section 2 of the said Act, the following *Explanation* shall be added, namely:—

"*Explanation.*—For the purposes of this Act, the district of 24-Parganas shall be deemed to include the town of Calcutta.".

Insertion of new section 3A

4. After section 3 of the said Act, the following section shall be inserted, namely:—

"Certificate-officers to perform the functions of Collector in respect of certificates received.

3A. Notwithstanding anything to the contrary contained elsewhere in this Act, when any certificate is received under this Act by the Collector of a district, any Certificate-officer in the district may exercise all the powers and perform all the duties and functions of such Collector under this Act in respect of such certificate.

Explanation.—In this section, 'Certificate-officer' has the same meaning as in the Bengal Public Demands Recovery Act, 1913.". Ben. Act III of 1913.

STATEMENT OF OBJECTS AND REASONS

Under the existing provisions of the Revenue Recovery Act, 1890 (Central Act I of 1890), the Collector of a district himself has to deal with the proceedings for recovery of money due under a certificate received by him under the Act. The Collector of a district has, nowadays, to remain pre-occupied with various multifarious work, and cannot devote much time to these proceedings, the number of which is very large. Difficulty is thus being experienced in the working of the Act. It is, therefore, considered necessary to amend the Act, in its application to West Bengal, so as to empower the Certificate-officers subordinate to the Collector to deal with proceedings under the Act.

2. The Bill has been framed with the above object in view.

AWARD

By order No. 3437-I.R./IR/11L-153/65, dated 12th August 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Radhakanto Dass and Sons (Private) Ltd., 17 Old China Bazar Street, Calcutta-1 (hereinafter be referred to as the Company), and their workmen represented by Shop Assistants' Association of Bengal, B-73 College Street Market, Calcutta-12 (hereinafter be referred to as the Association), regarding the matters specified in the schedule, to the Thrid Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, by notification No. 808-IR/IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

Whether the termination of services of the following workmen is justified? What relief, if any, are they entitled to?--

(a) Shri Pashupati Bhattacharyya.

(b) Shri Birendra Nath Bhar.

In pursuance of notice issued from this Tribunal, the Association appeared and filed written statement. In the written statement filed on behalf of the Association it has been stated that Shri Pashupati Bhattacharyya and Shri Birendra Nath Bhar were respectively the accountant and salesman of the company. Services of Shri Bhattacharyya and Shri Bhar were terminated by the company respectively on 30th Jaistha 1370 B.S. corresponding to 14th June 1963 and 1st Aswin 1371 B.S. corresponding to 17th September 1964. The Association contends that the termination was unjustified, illegal and mala fide and prays that the workers may be awarded retrenchment compensation as provided under the Industrial Disputes Act, 1947. The Association has also claimed arrears of wages for these two workers.

In spite of notice of the reference served on it, the company did not appear to contest the case of the Association. The case was therefore taken up for ex-parte hearing on 30th March 1966. On that date, the Association examined the two workers and also exhibited 3 documents marked Ext. 1, Ext. 1/a and Ext. 2 in the case. In his evidence before this Tribunal Shri Pashupati Bhattacharyya stated that since 1337 B.S. he was working in this company as an accountant and his service was terminated by the company by a letter, dated 30th Jaistha 1370 B.S. corresponding to 14th June 1963. This letter is Ext.1 in the case. It appears from this letter that the company has retrenched the service of Shri Bhattacharyya with effect from 1st Ashar 1370 B.S. on ground of financial difficulties. For this retrenchment, the company has not, however, given Shri Bhattacharyya any compensation in terms of section 25(F) (b) of the Industrial Disputes Act or one month's pay in lieu of one month's notice under the Act.

Though the services of Shri Pashupati Bhattacharyya was terminated by notice, it appears from the evidence of the other worker Shri Birendra Nath Bhar that he was retrenched from service of the company by verbal notice. In his evidence Shri Bhar stated that since 14th March 1936, he was working in the company and that on 17th September 1964, the company has verbally terminated his service. He stated further that after this verbal notice he had sent to the company a letter protesting against the dismissal. This letter is Ext.2 and it appears from Ext. 3 that it had been duly acknowledged by Shri Brojendra Lal Dey, a Director of the company. From this exhibit as also from the evidence of Shri Bhar, it is clear that he had been retrenched from service under the company without any notice under section 25(F) (b) of the Industrial Disputes Act. As in the case of Shri Pashupati Bhattacharyya, so also in the case of Shri Birendra Nath Bhar too, the company has not given any compensation under section 25(F) (b) of the Act. As the services of Shri Bhar was terminated in the midst of the month and without one month's notice, he will get besides compensation, pay for the month of Aswin 1370 B.S. and one month's pay in lieu of notice. Both of the workers must, in view of the forgoing discussions be granted retrenchment compensation in terms of section 25(F) (b) as also one month's pay in lieu of notice. Shri Birendra Nath Bhar will in addition, get his wages for the month of Aswin 1370 B.S. considering the length of the services of the two workers and the pay they were respectively drawing when retrenched. I hold that sufficient justice will be done if Shri Pashupati Bhattacharyya and Shri Birendra Nath Bhar are respectively awarded Rs. 3,000 and Rs. 1,000 as retrenchment compensation.

In view of the foregoing discussions, Shri Pashupati Bhattacharyya will get Rs. 3,000 (Rupees three thousand only) as retrenchment compensation plus one months pay in lieu of one month's notice of retrenchment, and Shri Birendra Nath Bhar will get Rs. 1,000 (Rupees one thousand only) as compensation plus one month's arrear pay and one month's pay in lieu of notice of retrenchment.

This is my award which is to be implemented within 3 months of the publication of this award in the "Calcutta Gazette."

AWARD

This is an application under section 33A, Industrial Disputes Act, by Shri Charka and Shri Tinu, two conservancy workers of Burdwan Municipality, the O.P. in this case, complaining of their dismissal from the Municipality's service by orders of the Administrator of the Municipality, dated 27th March 1964, without any charge-sheet and enquiry and in contravention of the relevant provisions of section 33A, Industrial Disputes Act, though the adjudication proceedings of another dispute between Burdwan Municipality and its workmen, referred to this Tribunal by G.O. No. 3623-IR., dated 19th July 1960, were then pending and also without any duly framed and approved rules or Standing Orders warranting their dismissals on the grounds alleged in the orders of dismissal. They have claimed reinstatement with full back wages.

The application is contested by the Administrator. In the written statement filed on behalf of the Administrator of the concerned Municipality, some legal objections against the maintainability of the present application under section 33A and the jurisdiction of the Tribunal to adjudicate upon it have been raised and then on merits, it has been contended that these two workmen along with some others were dismissed for resorting to and instigating other workers to join an illegal strike and for these reasons, the workers were liable to be dismissed without the sanction of any duly approved rules and Standing Orders and even without notice, as they were casual workers working on 'no work no pay' basis. It is further contended that it did not matter that no charge-sheet was issued and no enquiry was held and these were not necessary pre requisites to a valid and legal dismissal of these workmen, in the circumstances in which they were dismissed. It is finally contended that the dismissal of these workmen was quite valid and justified and no principle of natural justice was violated thereby and so they are not entitled to any relief. The above is in substance of the relevant defence put forward on behalf of the dismissal. Detailed facts will be referred to and discussed later as and when considered necessary.

The preliminary objections against the maintainability of the present application under section 33A, Industrial Disputes Act, were not at all pressed at the hearing. No argument was advanced in support of the objections. The undisputed facts are that these conservancy workers were summarily dismissed without any charge-sheet and enquiry on the grounds of some alleged misconducts during the pendency of the adjudication proceedings arising out of the omnibus reference of the dispute between the conservancy workers of a large number of municipalities and the concerned municipalities including the Burdwan Municipality without complying with the requirements of section 33(2)(b), Industrial Disputes Act,, which certainly govern the dismissal. In these circumstances, the present applicants are certainly entitled in law to maintain the present application under section 33A, Industrial Disputes Act, against their dismissal.

Exts. 1 and 2 are the two orders of dismissals passed against these two conservancy workers. The grounds upon which they were dismissed were stated as "abstention from work, resorting to illegal strike and instigating the loyal workers to join the illegal strike" It is an undisputed position that a section of the conservancy workers served a strike notice upon the Administrator of the Municipality on 13th March 1964 threatening strike with effect from 22nd March 1964 in support of some demands referred to in the notice and the strike actually commenced on 22nd March 1964 and these two workmen joined the strike. It is not also disputed that at that time the adjudication proceedings of a dispute between the conservancy workers of a large number of municipalities in West Bengal and and the concerned municipalities including the Burdwan Municipality were pending before this Tribunal. In view of this position, the strike which commenced from 22nd March 1964 was certainly illegal under section 24(1)(i) read with section 23(a), Industrial Disputes Act. Still the Administrator of the Municipality had, in my view, no legal power or authority to summarily dismiss these two workmen on the grounds of joining the illegal strike and instigating loyal workers to join the strike without any charge-sheet and holding any enquiry after giving the concerned workmen sufficient opportunity to defend themselves against the charges. Such dismissal certainly offended against the principles

of natural justice which must govern the disciplinary action taken by an employer against an employee. Moreover, there is no evidence to prove that the Municipality has any legally framed and approved rules or StandingOrders providing the punishment of dismissal for joining an illegal strike or instigating other workers to join an illegal strike. In the absence of such a provision, the Administrator had certainly no legal authority to dismiss the present workmen summarily on such charges without issuing any charge-sheet and holding any enquiry. I think the above are all the facts that need be considered in deciding the case on merits and in view of these facts, the dismissal of these two workmen must be held illegal and unjustified and consequently they must be entitled to appropriate reliefs by way of reinstatement and back wages since the date of their illegal and wrongful dismissals.

In the result, I allow the application under section 33A, Industrial Disputes Act, on contest and award that the dismissal of these two workmen were illegal and unjustified and the concerned Municipality must reinstate them in service on their reporting for duty within 15 days from the publication of the award and the Municipality must also pay these workers all their back wages from the date of dismissal till the date of reinstatement within a month after their reporting for duty.

This finishes my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Kedar Nath Parasatamdas and Co. (P) Ltd., 22 J. N. Mukherjee Road, Howrah, and their workmen represented by Kedarnath Parasatamdas and Co. (P) Ltd. Workers' Union, 46 Chara Bagan Lane, C/o. Shri Patit Paban Paul, Salkia, Howrah. (Case No. 180 of 1964.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri A. K. DE, District Judge,
Presiding Officer,
Fifth Industrial Tribunal.

Present for the Company : Shri N. K. Mukherji and Shri A. K. Sarkar, Advocate.

Present for the Union : Shri A. K. Banerji, Advocate.

This relates to an industrial dispute existing between Messrs. Kedar Nath Parasatamdas and Co. (P) Ltd., hereinafter called the company, and their workmen represented by Kedarnath Parasatamdas and Co. (P) Ltd. Workers' Union, hereinafter called the union. The Government of West Bengal in its Labour Department, order No. 2436-IR/IR/10L-43/64, dated 26th June 1964, has referred the said dispute to this Tribunal for adjudication.

(2) Facts culminating in this reference may be briefly stated. On 11th April 1964 (vide Ext. H) the company issued a notice. By that the company put all the workman under lay-off with effect from 12th April 1964 until further notice to forestal further financial loss and waste of scarce and valuable raw materials of the company. The union raised its protest to that course of action of the company by a letter, dated 12th April 1964, addressed to the Assistant Labour Commissioner of the Government at Howrah. They blamed the company and challenged the lay-off as not justified.

(3) The company in its written statement pleaded that they were compelled to lay-off all the workers as all attempts of theirs to persuade the workers to refrain from go-slow tactics and indisciplined behaviour failed. They had to declare lay-off to guard against further financial lose and waste of materials due to workmen's tactics and behaviour. Their other plea is that majority of the workmen had made a settlement, giving up their claim for compensation for lay-off period, with the company on 20th August 1934 and that the reference for adjudication , being one for compensation for lay-off period, was no longer maintainable.

(4) The issue is :—

Whether the lay-off of the workmen from 12th April 1964 is justified ? To what relief, if any, are the workmen entitled?

(5) The Tribunal, therefore, takes up for decision the question as to the justifiability of the lay-off from 12th April 1964. "Lay-off" has been defined in section 2(kkk) of Industrial Disputes Act. The essence of it is "the failure, refusal or inability of an employer" to give employment to workmen on account of shortage of coal, etc. The notice, Ext. H, declaring lay-off clearly does not bring the case with this definition. It does not say anything about failure or refusal or inability of the employer. Again, the reasons, as stated in Ext. H, are fear of further financial loss. That does not make section 2(kkk) applicable. Further financial loss was apprehended due to alleged indisciplined behaviour and go-slow tactics of the workmen. That also shows that "lay off" for these is not lay-off as defined in section 2(kkk) of the Act. The import of definition of lay-off is to be found in the words "failure, refusal or inability of the employer". Unemployement has to be on account of a cause which is independent of any action or inaction on the part of the workmen themselves—see 1959(I) L.L.J. p. 468. Indeed, the learned Lawyer appearing for the company did not try to justify this "lay off" on the notice (Ext. H). He sought aid of section 25E(iii) to say that compensation was not payable. He contended that if he could show that the lay-off was due to strike or slowing-down of production on the part of workmen, the Tribunal would hold that the lay-off was justified, for the words "for any other reason" in section 2 (kkk) would take him out of the difficulty. The Tribunal does not find his contention acceptable either in law or on facts. Unless "failure, refusal or inability for the employer" is proved, mere reasons—if those be slowing-down of production would not do. He reads section 25E(iii) without the words "in another part of the establishment" at the end. Here, admittedly, all the workers of the employer were laid off. It is not a case of work or production slowed down in one part to make it impossible for the employer to run the other parts of the establishment, see 1960 (II) L.L.J. page 275. Section 25E lays down the cases where workmen, laid off in accordance with section 2(kkk), would not get compensation otherwise payable under section 25C. The question whether there has been lay-off or not in accordance with section 2(kkk) was to be decided on the language of section 2(kkk) and not on the provisions of section 25E. The Tribunal decides that the lay-off which the company purported to declare by the notice (Ext. H) was not effected. So the question as to whether lay-off was justified or not does not arise and has not, arisen, and need not be decided.

(6) The union did not ask for relief by way of payment of compensation for period of lay-off. They could not have made such a prayer, as their whole case was that lay-off was unjustified. Payment of compensation for lay-off period is dependent of a prior finding that there was and has been a lay-off. The company misapprehending the matter, pleaded that majority of the workers by a bi-partite settlement had given up claim for lay-off compensation and they cannot, therefore, be given any compensation in this proceeding. In view of what is stated above, the matter needs no decision. However, it may be said that this plea is of no avail to the company, for the settlement, Ext. C has not been in accordance with section 18 of the Industrial Disputes Act and rule 68 of West Bengal Industrial Disputes Rules. The question, then, is what reliefs, if any, the workmen are entitled to. As the Tribunal has held that there has been lay-off, the workmen will be taken to have been kept without work or payment of wages without any disciplinary proceeding or order of suspension or any reasons whatsoever. They are entitled to get all that are due to workmen in employment. But for that an appropriate proceeding under appropriate law may have to be started.

(7) The Tribunal finds it unnecessary to go into the question or to decide if there was fall in the production and if that was due to go-slow tactics of the workmen before 12th April 1964.

(8) Lastly, it was contended that the Tribunal cannot adjudicate on this reference as this is not an industrial dispute because it has not been raised by all the workers. This contention is untenable. Firstly no such plea has been taken in the written statement. And, this being a question of fact, it cannot be allowed to be raised in arguments or upheld. Secondly, it appears from the several documents put in on both sides that it was all along been understood and taken that the union is raising this dispute. Nextly, the facts stated in the two written statements and evidence go to show that it is an "industrial dispute" was defined in section 2(k) This contention the Tribunal overrules and rejected.

(9) In the result, the Tribunal answers the issue as in paragraphs 5 and 6 and awards accordingly.

Judge, Fourth Industrial Tribunal.

The present industrial dispute between Messrs. Remington Rand of India Ltd., 493/C G.T.Road(South), Howrah, and their workmen represented by Remington Typewriter Employees' Association, 1 Joy Bhattacharjee Lane, Calcutta-3, was sent to this Tribunal for adjudication under section 10 of the Industrial Disputes Act on the following issue :

Issue

Whether the termination of employment of Shri Santi Gopal Roy is justified? What relief, if any, is he entitled to?

Due notices were served upon the parties. 13th April 1966 was fixed for appearance and submitting written statement. Remington Typewriter Employees' Association appeared through its President Panchanan Bhattacharya, who filed a petition for time for filing written statement on the ground that he expected a settlement in the mean time. Time was granted and today was fixed for filing written statement. The union or any workman does not appear today. No written statement has been filed by the union. No step has been taken today from the side of the union regarding this case. Moreover, the employer in spite fo service of notice has not entered appearance. In these circumstances, I presume that there is at present no dispute between the parties and an award is passed accordingly.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri AMBICA PADA BHATTACHARYA,

Presiding Officer,

Second Industrial Tribunal.

By order No. 3300-I.R./IR/11L-328/64, dated Calcutta, the 28th July 1965, Government of West Bengal, Labour,

Department, referred an industrial dispute between Messrs. British Paints and their workmen represented by British Paints (India) Ltd., Employees' Union for adjudication regarding the only issue contained in the order of reference.

Issue

Whether the termination of service of Sarvashri Tokman Gurung and Lachman Raj is justified?

To what relief, if any, are they entitled ?

This is a reference under section 10 of the Industrial Disputes Act. The reference was received on 17th August 1965. Both parties filed written statement and on the date of hearing adduced oral and documentary evidence and addressed argument. In the written statement of the union it is alleged that the two workmen Sarbashri Tokman Gurung and Lachman Raj were probationers and their services were terminated arbitrarily with effect from 9th March 1964. This was done in open violation of the principles of natural justice and the Union has raised an industrial dispute in respect of the same.

The company filed a written statement in answer to that of the Union. It is alleged that Lachman Raj was appointed on probation as sweeper and Tokman was appointed on probation as a bearer in the company's service. The services of both the workmen were found unsatisfactory and their period of probation was extended by 3 months. Since no improvement was noticed in their work their services were terminated by letters addressed to them.

Appearances of the parties are as follows :—

For the Company : Shri D. Basu Thakur of Messrs. Bengal Chamber of Commerce and Industry.

For the Union : Shri Ram Sen

Decision

The issue is whether the termination of service of the two workmen is justified. The appointment letters Exts. 2 and 2(a) will go to show that the two workmen were appointed on probation. Ext. 2 shows that Lachman was appointed with effect from 1st of June, 1963 which is annexure A to the company's written statement. Annexure B to the company's written statement is the appointment letter of Tokman Gurung which is also 1st of June 1963. Both of them were appointed on probation for six months and the terms and conditions are similar. It is stipulated in the terms and conditions that the appointment is subjected to termination within the period of six months. After the period of probation if the service is found satisfactory the workmen would be confirmed in writing. The company reserved a right to extend the period of probation to 12 months if in the sole opinion of the Managing Director it was considered desirable to do so. In the instant case the period of six months expired on 30th of November 1963. The letters of termination were issued on 9th of March 1964 and the services were terminated with effect from that date. The company's case is that after the expiry of six months on probation their period of probation was extended by 3 months and since the work was found unsatisfactory their services had been terminated. In support of the said case of the company two witnesses were examined, namely, O.P.W.1. Shri Bhattacharya, the caretaker under whom the two workmen used to work and O.P.W. 2 Shri P. K. Maitra, Labour Officer. The evidence of the caretaker is that the work of the two workmen was found unsatisfactory. Their period of probation for six months was extended by 3 months but still the work had been found unsatisfactory. O.P.W.1. Shri Bhattacharjee, being the caretaker under whom the two workmen used to be employed had opportunities of assessing their work. It is true that there is no written report to that effect but if the oral testimony of the caretaker can be believed, there is no necessity of such corroboration by a written report. The Labour Officer Shri Mitra gave evidence stating that the caretaker reported to him about the inefficiency of the two workmen and finally the matter was discussed with the Managing Director. The letters of termination were issued thereafter. The letters of termination would show that the workers were found not fit for the job and their work was not satisfactory during the period of probation. That is the ground for termination of services. Now an employer has a right to terminate the service during the probationery period, provided the right was exercised in a bona fide manner. The case reported in 1966 1,L.L.J. page 398 of the Hon'ble Supreme Court lays down the principles which may be applied in the instant case. In dealing with the discharge of a probationer it was observed that in the case of a probation the management might have the contractual right to terminate the services of the probationer during the probationery period without assigning any reason but when the validity of such termination is challenged in an industrial dispute it would be competent to the industrial tribunal to enquire whether the order of termination has been effected in a bona fide exercise of its power conferred by the contract. If the discharge of the employee has been ordered by the management in bona fide exercise of its power, the industrial tribunal will not interfere with it, but it is open to the industrial tribunal to consider whether the order of termination is mala fide or whether it amounts to victimisation of the employee or an unfair labour practice or is so capricious or unreasonable as would lend to the inference that it has been passed for ulterior motives and not in bona fide exercise of the power arising out of the contract. This is the established principle which requires application to the instant case. In the case under reference there is no allegation on the side of the union that the exercise of the power is not bona fide or that the management had some ulterior motive in terminating the services of the two probationers. The circumstances show that the workmen were allowed to work up to six months on probation initially fixed. Thereafter they were given a further

period of three months to work. Since the management considered their work unsatisfactory, the letters of termination followed. There is no circumstance from which it can be concluded that the action taken was punitive or mala fide. In the reported case the facts and circumstances were altogether different. Miss Santi Pattanaik was appointed on probation for six months according to the company. Her service was terminated after four months of probation. In that case the Labour Court from which the appeal had been preferred in Supreme Court held on evidence that the order of the management discharging the respondent Miss Pattanaik was punitive in character. Before the Labour Court there was no evidence adduced on behalf of the management to show that the work of the respondent was unsatisfactory. No document was produced on behalf of the management to illustrate the unsatisfactory work of the respondent. On the contrary respondent gave evidence to say that there was no disapprobation of her work at any stage. On the above circumstances it was held that the discharge of the respondent from service is mala fide. In the instant case the management has examined two witnesses to these evidence I have already referred. They testified to the fact that the work was found unsatisfactory. It is significant to note that on behalf of the union the two workmen were not examined to deny the allegations or to say that the management was actuated by any other ulterior motive. I have no reason to disbelieve the evidence adduced by the two witnesses of the company. There is no circumstance in the instant case on which it can be held that the action of the management was not bona fide but mala fide. I accordingly held that the termination of service of the two workmen was justified. The workmen are not entitled to any relief in this reference.

This is the Tribunal's findings.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri AMBICA PADA BHATTACHARYA,
Presiding Officer,
Second Industrial Tribunal.

By order No. 1096-I.R./IR/11L-48/65, dated Calcutta the 15th March 1965, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Wool Combers of India Ltd., Jagatdal, and their workmen represented by Issac Holdens Mazdoor Union and Issac Holdens (India) Ltd. Workers' Union for adjudication regarding the issues contained in the order of reference.

Issues

1. Revision of Grades and Scales of Pay. 2. Dearness Allowance. 3. Mode of Payment. 4. Leave and Holidays. 5. House-rent allowance.

This is a reference under section 10 of the Industrial Disputes Act. The reference was received on 1st April 1965 and notices were issued to the parties for filing their respective written statements. The reference makes mention of two unions as representing the workmen of Wool Combers of India Ltd., one of the unions is known as Issac Holdens (India) Ltd. and the other is known as Issac Holdens Mazdoor Union. The Workers' Union filed a written statement in the following terms :

Messrs. Wool Combers is a very prosperous concern with its factory at Jagatdal in the district of 24-Parganas.

The business undertaken by the company is combing of Wool, Rayon, Nylon, etc. The company has a very bright prospect and it stands on a sound economic footing. The workmen are however deprived of reasonable wages and amenities regarding their service conditions. There had been a charter of demands which is annexure A to the written statement of the union. It is dated 18th August 1964. There had been conciliation but no settlement could be reached. The matter was referred for adjudication. There are 5 issues so referred to the Tribunal. Issue No. 1 revision of grades and scales of pay. On this issue the union submits that the scales should be revised for all categories such as unskilled, semi-skilled, skilled and highly skilled operatives. Paragraph 10 of the writ ten statement described the claim of the union of different categories, such as operatives, clerical staff, subordinate staff, stenographers, etc. The second issue is dearness allowance. On this issue dearness allowance is claimed by the union as mentioned in paragraph 12 of the written statement. Issue No. 3 is mode of payment. The Union claims monthly payment, instead of weekly. Issue No. 4 is leave and holidays—privilege leave is claimed for 26 days and casual leave for 10 days in a year. Home leave is also claimed for 5 weeks every year for employees coming from States other than West Bengal. With regard to Issue No. 5 house-rent allowance, the union claims house-rent at the rate of 15 per cent. of workers total wages.

The other union, namely, Mazdoor Union filed a separate written statement wherein they claim revision of the scale of pay, dearness allowance, leave rules, etc. Annexure A to that written statement describe the existing wage structure of different categories of workmen and the proposed grades and scales. Dearness allowance is paid at present as per Jute Wage Board recommendation. The proposed dearness allowance has been given by the union in the additional written statement filed on 27th January 1966.

For basic pay up to Rs. 50—Rs. 60

From 51 to Rs. 100—Rs. 70

From 101 to Rs. 200—Rs. 80

Rs. 201 and above—Rs. 100

at the cost of living index of 400 points at 1939 base with provision of rise in terms of the cost of living index. There have been sharp rise in the cost of living index which necessitates revision of the dearness allowance. Annexure B of the union written statement gives a list of different categories of workmen according to skill. Annexure C shows the existing leave and holidays of operatives, clerks and subordinate staff. Ext. D shows the proposed leave and holidays of those three categories. House-rent allowance is claimed at 20 per cent. of the basic wages or Rs. 20 whichever is higher.

The company filed two written statements in answer to the two separate written statements of the two unions. In answer to the Mazdoor Union the company stated that Wool Combers of India Limited is a unit undertaking manufacture of wool tops. The products of the unit has market within the country and the export market is insignificant. By mutual consent the reference was made for adjudication. The existing practice of weekly payment to some categories and monthly payment to other categories is in confirmity with the practice prevailing in the neighbouring industries. Annexure C is admitted by the company. Correctness of Annexure is challenged. With regard to house-rent allowance the company submits that the workmen are not paid any house-rent and the company is not liable for the same. The nature of the job of operatives in Wool Combers is similar to that of Jute Industry, and most of the workmen of this unit had been taken from the adjoining jute mills under the same Managing Agency. The wages, dearness allowance are paid to the workers on the report of the Central Wage Board recommendation for Jute Industry in 1963. The operatives are paid much higher wages than stipulated in the Jute Wage Board. It is not admitted that the company is a monopoly concern.

In the other written statement, the company stated that in view of the shortage of raw wool and the curtailment of import licence by the Government of India the company had to lay-off its workmen in many years. In fact the business of the company is passing through very difficult times. The company is an infant one and it started production in 1961. The workmen employed in the factory are classified as skilled and unskilled workmen and the wage structure had been fixed having due regard to the nature, hazard and skill of the job. The workmen are paid dearness allowance which is linked with cost of living index.

Both the parties examined witnesses and exhibited documents in support of their respective cases. After the evidence was closed, on prayer of both parties a local inspection was held by the Tribunal on 16th March 1966. The factory in question as well as the adjoining jute mill were inspected. The memorandum of inspection is dated 16th March 1966. It was placed on record as Exhibit I and the parties were given copies of the same. Thereafter some more evidence was adduced and arguments were heard. Issues have already been set-forth.

Appearances of the parties are as follows :—

For the Company : Shri D. Basu Thakur of Messrs. Bengal Chamber of Commerce and Industry.

For the Workers' Union : Shri Nikhil Roy, Advocate.

For the Mazdoor Union : Shri Patit Paban Pathak.

Decision

Issue Nos. 1 and 2 : Revision of grades and scales of pay and Dearness Allowance

These two issues have got to be discussed together being inter-linked and governed by the same principle. Both the unions claim revision of the grades and scales of pay. It will appear from the evidence of O.P.W.1 Shri Barid Baran Ray, Assistant Production Manager

of the company, that this company came into existence in 1960. Production was started in 1961. Originally there was a jute mill in the premisses where the factory is running. There are three jute mills contiguous to this mill at Jagatdal belonging to the same management. I paid a visit to the factory and also to a contiguous jute mill. The area is predominantly jute area where there are a large number of jute mills. It is true that there are some engineering concerns in the neighbourhood but it must be said that Jagatdal is a predominantly a jute area. With regard to the nature of work this mill presents a large degree of similarity with the function of a jute mill. The company has given a chart showing the comparable jobs in this mill and Anglo Indian Jute Mills. Ext. A is the said chart. The different departments with designations in this mill as well as of a jute mill are shown in this chart. It will appear from the evidence of O.P.W.1. Shri Ray that there are successive processes by which the raw wool is converted into wool tops. There is no weaving department in Wool Combers. It only prepares wool tops from raw wool straight from the sheep's back. The first process according to Mr. Ray is sorting. It is done by hand. The second process is scouring i.e., washing of the wool with the help of a machine. The third process is carding, it means breaking of the wools and putting them into sliver form. This is done with the help of carding machine. The fourth process is preparing, combing and finishing. There the manufacturing processes of this company ends. There is no spinning of the wool into textures. Raw wool, a large part of which comes from outside India is received by the mill and processed in the manner indicated above on the basis of commission. The mill earns a commission out of the transaction. That is the main job. The mill also purchases some wool and after combing sell the same. Shri Ray admits that there is no other concern like Wook Combers in the Eastern Region of India. In Bombay there is a concern like this but they do the spinning of wool as well. In Chandigarh there is a company known as Modella which does combing as well as spinning work. It is therefore clear that in the Eastern Region of India there is no comparable concern. Even in Bombay and Chandigarh the units are of different nature. That being the position we shall have to give importance to the region part of the industry-cum-region formula formulated by the Supreme Court in serveral decisions. In this connection I may refer to the following decisions, 1962, II, L.L.J. page 352 and page 574 (Supreme Court) and also to the Grieves Cotton Case reported in 1964 1 L.L.J. page 342. The basis of fixation of wages and dearness allowance is industry-cum-region. Where there are a large number of industries concerns of the same region, it would be proper to put great emphasis on the industry part of the industry cum region principle as that would put all concerns on a more or less equal footing in the matter of production costs and therefore in the matter of competition in the market and this will equally apply to clerical and subordinate staff whose wages and dearness allowance also go into calculation of production costs. But where the number of comparable concerns is small in a particular region and therefore the competition aspect is not of the same importance, the region part of the industry-cum-region formula assumed greater importances particularly with reference to clerical and subordinate staff. In other words the principles which emerge from the two decisions 1962, II, L.L.J page 352 (S.C) and 744 (S.C.) is that in applying the industry-cum-region formula for fixing the wage scales the tribunal should lay stress on the industry part of the formula, if there are a large numbe of concerns in the same region carrying on the same industry, in such a case in order that production may not be unequal and there may be equal competition. Wages should generally be fixed on the basis of the comparable industries, namely, industries of the same kind. But where the number of industries of the same kind in a particular region is small, it is the region part of the industry-cum-region formula which assumed importance particularly in the case of clerical and subordinate staff as there is no much difference in the work of such class of employees in different industries.

I have already discussed the evidence as to the nature of work undertaking by this company. I have already mentioned the fact that jute industry is the paramount industry in this region. It is further a proved fact that the different working processes of this mill have a large degree of similarity to the processes undertaken in a jute mill. I held a local inspection in this mill as well as a contiguous jute mill and my inspection report is Ext. 1. In that report I have elaborately discussed the different processes undertaken in Wool Combers as well as in jute mill. It should further be mentioned here that though the processes are more or less similar to the Wool Combing mill is provided with more modern and automatic machines than the machines used in the jute mills. An operative employed in Wool Combers would have to handle such automatic machines of modern type which require a high degree of efficiency, attention, hazard and responsibility which would undoubtedly be more than what is required for an operative working in old types of machines in a jute mill. Moreover wool is a far more valuable product than jute. A worker working in Wool Combers would have to keep watchful eye upon the running of the machines so that there is no waste of wool which is certainly a valuable thing. I am dealing with the case of operatives in this connection. It is the operatives who handle the machines and keep watch upon their running. The responsibilities of the machines lie with the operatives. I am therefore positively of opinion that the operatives in this mill should get wages in excess of the wages paid to similar operatives in the jute mills. The company is however paying higher wages to their operatives and the rates are shown in the chart Ext A. In sorting department the basic wages for weekly 48 hours' work is Rs. 17.50 P. Similar department in jute mill is batching. It is piece-rated. In the scouring department different jobs carry rates of weekly wages sufficiently in excess of the wages paid to similar workmen in jute mill. A softner in jute mill gets Rs. 9.27 P while a hopper feeder in scouring in Wool Combers gets Rs. 12.50 P. The same difference exists with regard to carding and combing. There is a satisfactory differential maintained for the operatives in scouring, carding and combing as compared to similar jobs in jute mills. The chart Ext. A is exhaustive on this point. In view of the said differential which I consider to be satisfactory, no revision is called for in the wages of operatives working in sorting, scouring, carding and combing.

With regard to maintenance department where electricians, masons, etc., work, the wage is governed by the Jute Wage Board recommendations. It is significant to note that jute is an important industry in this area. Wages had been fixed by different Omnibus Jute Awards. Moreover, there is a Central Jute Wage Board which recommends from time to time revision of wages on more or less rational basis. The operatives of the maintenance department are getting the wages as per recommendations of the Central Jute Wage Board. I do not think that the operatives of the maintenance department should be treated on a different footing from the operatives of the some department in the jute mills. The work of the two being exactly similar, I am not in favour of increasing the wage of Wool Combers in the maintenance department. With regard to the operatives working on Boiler, namely, tindal and fireman the work in the jute mill as well as Wool Combers would be exactly similar, as such they are graded by Central Jute Wage Board recommendation. It is quite rational and the Tribunal should not interfere in the said grading.

With regard to the clerical staff they are getting wages at present on par with the recommendation of the Central Jute Wage Board. Work of a clerk in the Jute Mill would be exactly similar with the work of a clerk in Wool Combers. Since the work is of a similar nature, there is no reason why the clerks should have a different grades and scales. The Central Jute Wage Board makes recommendation from time to time for revision of wages which is scientific and rational and very well considered. The clerks would be entitled to the same benefit. There is no case for a revision.

With regard to the subordinate staff the work done by them in Wool Combers would be exactly the same as the work done by the subordinate staff in a jute mill. It would therefore be quite rational that their wages should be governed by the recommendations of the Central Jute Wage Board.

There is no case for revision of wages in the aforesaid circumstances.

With regard to dearnes allowance the union's claim is not based on any rational or scientific principle. It claims an ad-hoc amount of Rs. 60 for basic wage up to Rs. 50 and so on as already scheduled hereinbefore. The ad-hoc claim of dearness allowance is not supportable. In this connection I have considered the recommendation of the Central Wage Board for Jute Industry for 1963. At page 185 of the report the following appears :—

> "The present dearness allowance of Rs. 32.50 should be considered as the dearness allowance fixed at the working class consumer price index number of 425 for Calcutta with base year 1939 as 100. The dearness allowance should be a variable dearness allowance and the rate of increase or decrease should be at 20 p. per point rise or fall in the average working class consumer price index number for Calcutta. The dearness allowance should be revised every six months in the months of February and August on the basis of the average consumer price index number of the previous half years—July to December and January to June, respectively."

This recommendation is well founded. Rs. 32.50 is fixed at index 425. For 1 point of rise in the living index 20 p would be added to the dearness allowance, i.e., for 5 points rise Rs. 1 would be added. This is quite scientific and rational. The employees are getting dearness allowance on that basis. I cannot think of any other basis for dearness allowance. Recommendation of the Jute Wage Board should apply with equal force to the dearness allowance of employees in this Wool Combers. I have compared the cotton textile industry with the jute industry because it might be argued on the side of the union that Wool Combers may be compared in work with a cotton textile mill. I do not think that the employees of this mill would get any special benefit by opting over to cotton textile industry. They are better linked with jute industry and I can confidently say that there is a degree of similarity between worka of this mill and the jute mill and the regionis predominantly a region of jute industry. There is no evidence that there is large number of cotton textile mills in this area. In West Bengal the minimum basic wage in cotton for a standard month of 26 days is Rs. 36.17, dearness allowance Rs. 59.63 with a total of Rs. 95.70 (this is in September 1965). In Jute industry in West Bengal minimum basic wage is Rs. 40.17, Central Wage Board has given an increase of Rs. 8.33, dearness allowance Rs. 45.90 the total is Rs. 95.04. This is in August 1965. This, there is not much of difference between the two wages. In Jute mills minimum basic is higher than in cotton mills. In cotton the dearness allowance is a little higher than in jute; the total is almost equal. In the aforesaid circumstances no revision in wages or dearness allowance is called for.

Issue No. 3 : Mode of payment

The mode of payment is weekly, i.e, rates are paid for 48 hours in a week. This is the predominant mode of payment in jute industry as well as in many other industries of that locality. The union claims monthly payment without assigning any special reason for the same. Unless the change over bestows some positive benefit upon the employees, there is no reason for disturbing the working order prevailing in this mill. The mode of payment need not be changed.

Issue No. 4 : Leave and holidays

Leave and holidays are granted in terms of the Jute Awards .As I have already mentioned that the privileges and benefits available in the jute mills should be properly applicable to this mill, there is no reason why more liberal leave rules should be provided for the employees of this mill. The leave and holidays should be on par with the jute mills. There is no reason to disturb the same or to introduce a scheme for more favourable leave rules for the workers of this company.

Issue No. 5 : House-rent Allowance

House-rent allowance is not normally admissible to the employees of the concerns. House-rent is a part of wages. In the matter of fixation of wages the house-rent is bound to be taken into consideration. When the wages had been fixed by the Tribunals in Jute Industry and when there is Central Jute Wage Board which recommends revision of wages, the question of house-rent allowance received proper consideration there. No separate house-rent allowance is admissible to the employees of this mill. There is no evidence that the workers of the neighbouring jute mills are enjoying any such privileges. That is also an additional ground for rejecting the claim for house-rent allowance.

In the result the workmen are not entitled to any relie in this reference. This is the award of the Tribunal.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

35. The annual value under clause (*b*) of sub-section (*1*) of section 34 shall be determined by the General Manager or such other officer or officers authorised by him in this behalf, in such manner as may be prescribed. (*2*) Until meters can be attached to any premises, the Authority may, in such manner as may be provided by regulations, determine the average consumption of water on the basis of the pressure of water supply, the number and size of water-taps and the size of ferrules, if any, used in the premises, and may determine the amount payable on the basis of such average consumption.

(*3*) For calculating the amount payable by a local or public authority for consumption of water—

(*i*) in any place of public resort, the quantity of water consumed may be determined in the manner specified in sub-sections (*1*) and (*2*), and

(*ii*) through street hydrants and fire hydrants within its jurisdiction, the quantity of water consumed may, in such manner as may be provided by regulations, be determined by the Authority on the basis of the number of such hydrants, the pressure of water-supply and the diameter and size of pipes and fittings connecting the hydrants with the mains of the Authority.

38. If the owner of any premises having independent source of water-supply is allowed by the Authority to take sewerage service, he shall be liable to pay for such service such amount as would be payable as surcharge calculated on the basis of water consumed from his independent source, the same being deemed to be water supplied by the Authority. The quantity of water so consumed shall be determined by the Authority by affixing meters for such periods and at such places as it may deem proper:

Provided that no such amount shall be payable by the owner of any premises, solely used for residential purposes, having not more than one tube-well of diameter not exceeding four centimetres as independent source of water-supply.

Presumption as to correctness of meters.

39. The readings of meters indicating the quantity of consumption of water shall be presumed to be correct unless the contrary is proved.

42. (*1*) The accounts of the Authority shall be maintained in such manner and in such form as may be provided by regulations.

(*2*) The accounts of the Authority shall be audited from time to time and at least once a year by such auditor as the State Government may appoint in this behalf, and the Authority shall pay to the auditor such remuneration as the State Government may direct.

(*3*) The Authority shall afford to the auditor, his clerks and assistants, access to all such books and documents as are necessary for the purposes of the audit, and shall, when required, furnish to them all vouchers and information requisite for that purpose, and also afford to them all facilities for the proper execution of their duty.

GOVERNMENT OF WEST BENGAL

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATION

No. 6-I.—5th May 1966.—The following draft of rules and schedule of rates and appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water under the Birkuti Irrigation Scheme in the district of Jalpaiguri, are hereby published, as required by the proviso to section 99 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 26th of June 1966 and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be duly considered.

DRAFT RULES, SCHEDULE OF RATES AND APPENDICES

Leases for Kharif Irrigation

1. The country served by the canals of the Birkuti Irrigation Scheme in the district of Jalpaiguri shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for a Kharif irrigation may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall, from time to time fix the gross area (i.e., the total area) for which and the limits of the canal within which, leases for Kharif irrigation may be granted.

5. Maps of all villages in which lands have been brought under lease, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps are to be at scale 32"=1 mile (F.P.S. scale map to be replaced by maps on corresponding metric scale).

6. The preliminary application for a lease for a Kharif irrigation either new or for renewal, shall be in writing in the prescribed form given in Appendix I to these rules to be obtained from the Subdivisional or Sectional Canal Officer. It may be

presented and shall be received either at the Subdivisional or at the Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5. On receipt of the approval of the Divisional Canal Officer, the Subdivisional Canal Officer shall approach the Officer-in-charge of revenue collection work for the purpose of obtaining the detailed assessment and the latter shall in due course intimate the result of such assessment to the Subdivisional Canal Officer.

7. The Officer-in-charge of revenue collection work on being approached by the Subdivisional Canal Officer shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra be not available, the amin shall make a sketch map and shall measure the areas of the holdings with a chain or measuring rod.

8. When the amin has completed the khasra he shall forward it to the Officer-in-charge of revenue collection work who shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval under intimation to the Officer-in-charge of revenue collection work.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the khasra, and shall have the form of application given in Appendix II to these rules, filled up and signed or marked by each of the applicants.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given in Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer. The Subdivisional Canal Officer shall then hold a local enquiry, regarding the statements of the persons who decline to sign the application and record his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign the application or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when the lands of the cultivators of the block who have signed the application are not less than 95 per cent. of the net irrigable area of the block. If, in special case it is desirable to grant a lease even though the lands of the cultivators of the block who have not signed the application are more than five per cent. of the net irrigable area of the block, the Superintending Engineer may grant the lease by a written order, giving reason for the grant of such lease.

Leases for Rabi Irrigation

11. Applications for leases for supply of water for Rabi Irrigation to irrigate spring rice or other crops between the 16th November and the 15th June may be presented at Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given in Appendix IV to these rules.

In the applications the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix V to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water for such irrigation.

Supply of Water

12. The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

13. No water shall be supplied to any lands except such as have been brought under lease for Kharif or for Rabi irrigation.

14. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such supply to each lessee as may be necessary for the lands noted in the lease. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

15. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of Water Rates

16. The rates due for water supplied shall be collected by the Officer-in-charge of revenue collection work through tahsildars and other staff. All khatians or demand statements shall be signed by the Officer-in-charge of the revenue collection work after scrutiny in his office.

17. Each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Officer-in-charge of revenue collection work for the purpose.

18. Each person on paying the amount due from him shall be given a receipt in the form prescribed for the purpose.

22. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a canal officer or a subordinate officer employed on the canal. During the Kharif irrigation the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and Applications

23. All complaints or applications with respect to the supply of water, defective drainage or administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Office.

28. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water rates be suspended till the appeal is heard.

29. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alteration of demand

30. Wherever the crop on land entitled to supply of water suffers material injury from insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Collector on the recommendation of the Divisional Canal Officer, provided that the person claiming remission has applied for such remission not less than fifteen days before the reaping of the crop.

31. Should the crop on lands under lease either for Kharif or for Rabi irrigation suffer material injury from excess of water due to deficient drainage, the Collector on the recommendation of the Divisional Canal Officer may grant remission for that year of the rates due on such lands in whole
